

Society & Personals
Mrs. ELBERT S. PEEL, Editor

Visit Miss Cone
Misses Eloise Carrawan, of Columbia, and Elizabeth Wade, of Raleigh, spent the week-end here with Miss Sarah Cone.

Here From Tarboro
Mrs. Blanche Anderson and son, Mr. Sam Anderson, of Tarboro, spent the week-end here with relatives.

Home From A. C. C.
Russell Roebuck was home from Atlantic Christian College, Wilson, for the week-end.

Returns To New Bern
Mrs. D. R. Davis has returned to her home in New Bern after visiting relatives here for some time.

Visitors Here Sunday
Miss Caroline Badham, of New Bern, and Mr. Charles Baker, of Kinston, visited Mr. and Mrs. P. V. Jones here Sunday.

From Whitakers
Mr. J. L. Dickens and Jimmy Dickens, of Whitakers, visited Mr. and Mrs. Hal Dickens here Sunday.

Visits in Speed
William Howell spent the week-end with relatives in Speed.

Returns To Jamesville
James Long returned to his home in Jamesville Sunday after undergoing treatment at Duke hospital for a week.

Visit Parents Here
Albert Leslie Clark and J. S. Rhodes, jr., of Chapel Hill, visited their parents over the week-end. Thomas Forsette, of Mount Airy, accompanied J. S. Rhodes, jr., home.

Spends Week-End Here
Miss Mary Belle Edmondson, student at E. C. T. C., Greenville, spent the week-end with her parents, Mr. and Mrs. J. T. Edmondson.

From Roanoke Rapids
Mr. Shaker Teel, of Roanoke Rapids, visited friends here Sunday.

In Norfolk Over Week-End
Miss Frances Dailey visited friends in Norfolk over the week-end.

Visits Her Parents Here
Miss Marjorie Moore, a student at Miss Tarbell's Secretarial School, Raleigh, visited her parents, Mr. and Mrs. C. O. Moore over the week-end.

In Raleigh Sunday
Mr. and Mrs. Burras Critcher and Miss Cora Proctor spent Sunday in Raleigh with Miss Alta Critcher, who is a student at Meredith College.

Visit in Wilson
Mr. and Mrs. Joel Muse and little daughter, Elizabeth, spent the week-end with Mr. and Mrs. S. S. Lawrence in Wilson.

Here From Raleigh
Charles Dickey, jr., of Raleigh, spent the week-end here with Burras Critcher, jr.

Visitor from Asheville
Miss Beatrice Burrell, of Asheville, visited Miss Martha Anderson over the week-end.

From Ahoskie
Mr. and Mrs. Bill Harrell, of Ahoskie, visited friends here Sunday.

Attend Fair Here Sunday
Harry Vaughn and Paul Speed, of Scotland Neck, attended the Roanoke Fair here Saturday night.

From Richlands
Mr. and Mrs. D. W. Russell and daughter, of Richlands, visited Mrs. G. H. Harrison and Mrs. Gaylord Harrison over the week-end.

Visit in Tarboro
Mr. and Mrs. John Peacock spent the week-end in Tarboro with relatives.

In Blackstone, Va., Sunday
Mr. and Mrs. George C. Jenkins, Mr. and Mrs. Claude Jenkins and daughters, Alice Belle and Courtney, visited relatives in Blackstone, Va., Sunday.

From Greenville
Miss Lucille Hassell, of Greenville visited her parents, Mr. and Mrs. C. B. Hassell, last week-end.

Attend Fair
Mr. and Mrs. Calno Lowden and daughter, Anne, of Ahoskie, attended the Roanoke Fair here Sunday.

Visits Her Mother
Miss Jennie Green Taylor, who is attending school at E. C. T. C., in Greenville, visited her mother, Mrs. Joe Taylor, last week-end.

Visit Relatives in Jamesville
Mr. and Mrs. A. P. Purdy, of Conway, visited relatives in Jamesville last week-end.

SPEIGHT - RICHARDSON
Miss Sadie Richardson and Mr. D. L. Speight were married last Tuesday in the Broad Street Methodist Church, Richmond, with only a few friends witnessing the ceremony. Rev. B. M. Persinger, pastor of the church, officiated.

Mrs. Speight is the daughter of Mrs. Mary Jane Richardson and the late Winston W. Richardson, prominent Spring Hope family. Mr. Speight is the son of Mr. and Mrs. C. R. Speight, of Bethel. During the past two years he has been prominently connected with the Farmville-Woodward Company plant here, and he has many friends throughout this section of the state.

Following a short wedding trip to Washington City and other northern points, Mr. and Mrs. Speight are making their home with Mrs. Sadie W. Peel on Houghton Street.

4-H CLUB MEMBER TELLS OF WORK IN THIS COUNTY
By Cleo C. Croom
I can't really express in words what the 4-H club has meant to me. It has taught me some of the many things I wanted to know about economics. It has taught that cooperation is needed for success in any division of life. 4-H club work has enabled me to come into contact with various types of girls from different counties. I will start at the bottom and discuss my gradual climb to the class of club work I am now in.

I started my first year in 4-H club work at the age of ten. I realized then that there was a method of studying all the things concerning home economics that I always wanted to. Our instructor, Miss Lora Sleeper, started teaching my classmates and me how to cook and serve simple, yet delicious dishes. Our mothers were amazed at our ability to serve such dishes at our age. She also taught us how to sew different stitches and showed many other simple things about sewing. She gave each of us a handbook, recipes, and a health chart. The handbook was to put our work during each month in. The health chart helped each of us greatly. Not only for club work, but our bodies. We were sure to follow the chart and to keep our teeth clean, our hair brushed, and our bodies clean, in order to get a perfect score. We did not realize just then the vast importance of our health, but we looked forward towards the next year with great enthusiasm.

Of course, we could do better work the second year than we did the first, but being only eleven years old, we didn't accomplish much then, except to prepare more complicated dishes and make more complicated garments. We sang camp songs and club songs. This year our instructor talked to us about going to camp the following year, when we would be twelve years old. This was all we needed to complete our interest in the 4-H club work.

At the end of each year our handbooks were sent in and checked by Miss Sleeper.

For three years in high school I have taken this work. I know how to cook and sew much better than I would if I had not taken the course. A group of our club girls went to camp in the year of 1933. At Neuse Forest we came into contact with girls from other counties. Different opinions were exchanged. Friendships, many for life, were formed with those girls. We had classes in knitting, playing games, cooking and enjoyed other club activities. Cooperation and a good will were the essential factors in this work. We

Operators of Peanut Pickers Required To Get Licenses from Register of Deeds

All operators of peanut pickers in Martin County are required to get license from the Register of Deeds for operating each season and keep a record of the various crops of peanuts picked by them. A record book and blanks are furnished the operator along with his license for keeping a record of each crop of peanuts picked. At the end of the season this record should be copied on blanks furnished for the purpose.

The record should be kept so as to show the number of bags picked from each farm. Make all records in the name of the landlord. Give name of the farm and landlord's address. It is important that the record be kept in this manner so there may be no question as to the number of bags produced by each farm.

NEW CHEVROLET OFFERS NUMBER OF BIG FEATURES

Hydraulic Brakes and Improved Engines Are Outstanding

Net Master de luxe and Standard Chevrolets for 1936, embodying marked advances in styling, engineering, and performance, were introduced November 2 at the New York automobile show and simultaneously throughout the country at dealer salesrooms, which have already been liberally stocked with new models for display and delivery.

The Master de luxe, offered with either knee action or conventional springing, has been restyled in its more important appearance elements, notably by the adoption of a higher and narrower grille of distinctly original design, in combination with a new treatment of the hood louvres, new style headlamps mounted on the sides of the radiator shell and new interior trim.

The lower priced Standard models have been completely redesigned in chassis and bodies. Last year the Standards differed materially both in appearance and in construction from the Masters, this year, the two lines are identical in all major features of styling, engineering, and performance, the chief difference being only a matter of wheelbase.

Outstanding among the many new features of both Master and Standard models for 1936 are perfected hydraulic brakes, improved engines having higher compression ratio (6 to 1), balanced carburetor, full-length water jacketing, and other changes resulting in better cooling and improved gasoline and oil economy, and cromodine rust-prevention of fenders and running boards.

Front doors of all models of both lines are now hinged at the front.

The solid steel turret top, exclusive last year with the Master models, has been adopted this year for the Standard line also. Spoke-type pressed steel wheels, instead of wire wheels, are used on all Standard models.

Chevrolet's Standard models for 1936, besides incorporating features that appear for the first time on the masters, take their place in the line as entirely new models, with new box girder chassis frame, more powerful engine, longer wheelbase and larger bodies.

The Standard model wheelbase

Gets 517 Bales Lеспедеза Hay From Six Acres Land

Fairley B. Price, of Monroe, route 2, harvested 517 bales of lespeдеза hay from six acres. The bales averaged about 80 pounds each, making the yield nearly 3 1/2 tons to the acre.

Report to the Condition of the BANK OF ROBERSONVILLE

at Robersonville, North Carolina, to the Commissioner of Banks, at the close of business on the 1st day of November, 1935.

(g) Undivided profits—net	10,917.63
	82,917.63
Total, including capital account	\$977,773.45

State of North Carolina, County of Martin, ss:
D. R. Everett, cashier, R. L. Smith, director, and H. C. Norman, director, of the Bank of Robersonville, each personally appeared before me this day, and, being duly sworn, each for himself, says that the foregoing report is true to the best of his knowledge and belief.
D. R. EVERETT, Cashier.
R. L. SMITH, Director.
H. C. NORMAN, Director.
Sworn to and subscribed before me this — day of November, 1935.
S. L. ROBERSON, Notary Public.
My commission expires Feb. 20, 1937.

formerly 107 inches, is now 109, while its overall length, last year 170 1-2 inches, is 12 to 13 inches greater. Bodies are longer and wider, with more leg room, wider seats and additional head room. Car weight is increased 135 pounds.

In changing to perfected hydraulic brakes on both chassis models, Chevrolet has adopted the hydraulic principle of brake actuation to its design of brake mechanism within the brake drums. Instead of the cable operating floating cam formerly used at each wheel, a master hydraulic cylinder with double opposed pistons is used to actuate each pair of one-piece articulated brake shoes.

The master cylinder, whose piston is moved by the brake pedal to transmit pressure by a column of fluid to each of the wheel cylinders, is mounted on the frame. The master piston is 1 inch in diameter, while wheel pistons are larger to effect an increase of braking effect at the wheels. Front wheel pistons are larger than those of the rear wheels, to balance the braking effect, when, in stopping, extra weight thrown on the front wheels gives them greater traction. This arrangement prevents locking the rear wheels by themselves by heavy application.

Henderson Poultrymen To Keep Close Records

Fifteen Henderson County poultrymen will keep accurate flock records with their poultry this year for the extension service of State College.

20,000 Pine Seedlings Are Grown in Gaston
R. L. Stowe, of Belmont, in Gaston County, has planted some 20,000 pine seedlings in a valuable forestry demonstration on his farm. He began planting nine years ago.
