

14 PUPILS FROM MARTIN COUNTY AT WAKE FOREST

Number From This County Above the Average for State as a Whole

Fourteen men from Martin County are included among the 1,000 students enrolled this year at Wake Forest, according to information received here this week from the registrar of that institution.

Seven are from Williamston, six from Robersonville, and one is from Parmele. There are three freshmen, six sophomores, and four juniors. Two are studying law, while the others are taking courses leading to the bachelor's degree.

Listed according to home towns, they are:

Williamston—R. H. Cowan, a sophomore, son of Mr. and Mrs. H. H. Cowan; George Harrison, jr., a sophomore, son of Mr. and Mrs. G. H. Harrison; D. E. Johnson, a second year law student, son of Mr. and Mrs. Don Johnson; E. T. Malone, a junior, son of Mr. and Mrs. Ellis Malone; Wheeler Martin, jr., sophomore, son of Mr. and Mrs. Wheeler Martin; George A. Peel, jr., a freshman, son of Mr. and Mrs. G. A. Peel.

Robersonville—Clifton Everett, a sophomore, son of Mr. and Mrs. R. S. Everett; J. C. Johnson, a junior, son of Mr. and Mrs. J. L. Johnson; J. P. Keel, a sophomore, son of Mr. and Mrs. J. C. Keel; E. W. Manning, a junior, son of Mrs. J. R. Manning; H. S. Roberson, a freshman, son of Mrs. Callie Roberson; W. B. Ward, a junior, son of Mr. and Mrs. V. A. Ward.

Parmele—L. W. Wynne, a freshman, son of Mrs. D. L. James.

Martin County men are taking a

prominent part in campus life at the Baptist institution. D. E. Johnson, of Williamston, is a member of the Barrister's club, law student organization, is a student assistant in the law school, and sings first bass in the college glee club. Wheeler Martin, jr., also of Williamston, is sophomore representative to the student legislature, and is student assistant in the department of Latin. George A. Peel, jr., of Williamston, and H. S. Roberson, of Robersonville, play in the 50-piece college band.

During the past five years, the administration of President Thurman D. Kitchin, the enrollment at Wake Forest College, has almost doubled, and the physical plant has been materially expanded.

Beginning in 1932 with the construction of a new medical building, not a month has passed when some building project was not under way. The college now points with pride to over \$600,000 worth of new buildings, including, besides the medical school structure, a new administration building, athletic stadium, gymnasium, and students' union.

This recent development at Wake Forest, North Carolina's senior Baptist institution and the oldest and largest Baptist college for men in the United States, was made possible largely by its 15,000 alumni whose contributions have paid for all of the new plant, except \$50,000; and contributions are still coming in.

1400 BOYS AND GIRLS IN JOHNSTON 4-H CLUB WORK

With an enrollment of 1400 rural boys and girls in the 4-H clubs of Johnston County, there is an increase of 100 per cent above the enrollment for last year.

Up to the present time, cotton farmers of Hoke County have purchased gin certificates amounting to 118,000 pounds from growers of Montgomery County.

Property Value of North State Schools Runs Into Millions

Amount Estimated at \$107,080,000; Many Gains in Past 20 Years

Raleigh—The value of public school property in North Carolina in 1933-34 was \$107,080,903, as compared with only \$9,078,703.27 in 1913-14, and the expenditure for current expenses were \$18,296,362.78, as compared with \$4,157,295.17 20 years before, it was shown recently.

Clyde A. Erwin, superintendent of public instruction, released the statistics in a summary of educational progress of the state, which, he said, was prepared primarily to give information to B. Y. P. U. members, as it seems a state-wide study of education is being made by that organization.

Noted was the fact that the current expense item of 1933-34 of \$18,296,362.78 was only around three-quarters of a million dollars less than the \$19,978,656.87 spent in 1923-24. This was explained by decreases in capital outlay of more than nine millions.

The number of log schoolhouses decreased from 165 in 1923-24 to 4 in 1933-34; the number of one-teacher schools dropped from 3,698 to 533; the number of teachers employed jumped from 13,255 to 23,345; the average length of term rose from 122 days to 159.3 days and the school enrollment increased from 599,647 to 895,525.

The state appropriation for schools in 1913-14 was \$278,823.08. In 1923-24 it was \$1,678,759, and in 1933-34 it was \$16,000,000, with the state supporting a basic eight months term.

The average monthly salaries of teachers was \$39.81 in 1913-14, \$99.93 in 1923-24 and \$72.36 in 1933-34.

an adjustment payment of 35 cents a bushel on the average yield of the land taken out of corn.

To receive the maximum hog payment, the grower must raise not less than 50 per cent nor more than 100 per cent of his market base. The payment will be \$1.25 for each hog in his market base.

Under certain conditions, a grower may sign to adjust his corn crop and keep his hog production the same, or to adjust his hog production and keep his corn crop at the same level.

In 1937 the adjustment and payments will be similar to those in 1936; the exact rate to be announced later by the Secretary of Agriculture. The new contracts will be ready in the next few weeks, Shay added.

Gets 6 Tons Lespedeza Hay Per Acre in Person

W. B. Humphries, of Bethel Hill, Person County, reported to Farm Agent H. K. Sanders a yield of six tons of lespedeza hay per acre and a 100 per cent increase in corn yields following lespedeza.

NOTICE OF SALE North Carolina, Martin County.

Under and by virtue of the power of sale contained in a certain deed of trust executed to the undersigned trustee by J. H. Davenport and wife, Carrie A. Davenport, on the 1st day of January, 1919, and of record in the public registry of Martin County in Book A-2, page 24, said deed of trust having been given for the purpose of securing a certain note of even date and tenor therewith, default having been made in the payment of said note, and the stipulations contained in the said deed of trust not having been complied with, the undersigned trustee will, on Wednesday, the 15th day of January, 1936, at twelve o'clock M., at the courthouse in the town of Williamston offer for sale to the highest bidder for cash the following described real estate, to-wit:

First Tract: Adjoining the lands of Mary Gaynor, Mrs. Bettie Gray Gurkin and others, beginning at the Jamesville and Plymouth Road, at W. J. Gray's line, (now Bettie Gray Gurkin's line), thence with the Gray line down the ravine to Gum Branch thence up said Gum Branch to W. L. Fagan's line, to Hardy Gaynor's line, thence with Hardy Gaynor's line to the public road; thence up said public road to the beginning, containing 33 1-2 acres, more or less, and being the same tract of land conveyed to J. H. Davenport and wife from Mack G. Davenport by deed, dated the 4th day of January, 1935.

of record in the public registry of Martin County in Book OOO, at page 329.

Second Tract: Beginning at the Robert Keys' corner, thence a southerly course with said Robert Keys' line to W. G. Gaylord's line, thence a westerly course along said W. G. Gaylord's line along said road back to the beginning and being two shares of the Isaac Moore tract and containing 4 acres, by estimation, more or less.

This 12th day of December, 1935.
WHEELER MARTIN, Trustee. d-17 4t-w Elbert S. Peel, attorney.

Corn-Hog Program In New Form To Be Offered Growers
Is Designed To Encourage Soil Improvement, Stabilize Production
The corn-hog program for 1936-37 is designed to encourage soil-improvement and to stabilize the production of corn and hogs for the best interests of the grower and the consumer.
The need for building up the soil is now greater than for increasing the planting of food and feed crops, said W. W. Shay, swine specialist at State College.
The new contracts stipulate that land retired from corn cultivation must be planted to soil-building or erosion-preventing crops, pasturage, trees, or the like, Shay stated.
And this must be in addition to the land normally used for such purposes, he emphasized.
In the past, he added, the production of hogs has fluctuated widely. Either a surplus or a shortage of pork is undesirable, and the program will tend to keep production in line with consumption.
A grower may agree to adjust his corn production next year by 10 to 30 per cent of his base and receive
