

### Basketball Games Tonight And Tomorrow Night Here

The Sanitary Grocery basketball cagers will meet the Rocky Mount YMCA in the local gym this evening at 7:30 o'clock, with an all-star line-up on both teams. Baker and Jimmie Brown, Professor Uzzle, Herbert Leary, Murphy L. Barnes, Dick Cherry and Hardy Rose are slated for action against the visitors this evening.

Dallas Frank and Frosty Martin, managers of the local cagers, announced today that they had games pending with Campbell College, the Wake Forest freshmen, Norfolk's Texaco Quint and Police, and the New York Police.

Tomorrow evening at the same hour, the local high school boys and girls will meet Plymouth's two teams in the local gym.

### Sites Requirements For Signing Cotton Contract

For a farm to be eligible for a cotton contract in 1936, the land must have grown cotton at least two years since 1930. One of the years specified is either 1934 or 1935. If natural causes which could not be controlled, prevented planting in either or both of these years, credit for planting one year will be given, but cotton must have been grown on the land at least another year since 1930. Another requirement is that the farm must have a base acreage of one whole acre or more to be eligible for a 1936 contract.

**BLOUNT FERTILIZER COMPANY**  
INCORPORATED  
QUALITY FERTILIZERS  
GREENVILLE, NORTH CAROLINA  
JANUARY 1, 1936

TO THE PUBLIC:

Three years ago we began mixing some home-mixed fertilizers and making field tests along with many other good commercial fertilizers. We used the experience gathered from producing tobacco, cotton, corn, peanuts, potatoes and other farm products in Eastern North Carolina for over half a century and the results from selling, testing and experimenting with fertilizers for 46 years. The results from our home-mixed fertilizers were so gratifying and outstanding we felt it our duty to offer it to our customers. So we organized the Blount Fertilizer Company of Greenville, North Carolina, located at the Norfolk-Southern Railroad near Johnston's Warehouse.

We are proud of the growth of the Blount Fertilizer Business as it has doubled itself each year and we have built large additions to our factory this year to take care of our friends and customers. We now have dealers located in Winterville, Ayden, Grimesland, Chowan County, Farmville, Pilot, Zebulon, Macleensfield, Fountain, Walstonburg, Bethel, Rocky Mount and Hoberonsville.

Since we began manufacturing and using our home-mixed fertilizers exclusively on our own farms we have averaged from \$3.00 to \$4.00 a hundred pounds above the average of the tobacco market. This statement I can substantiate by our records, and it is also the experience of many, many more of our customers, who are using Blount's Fertilizers on their crops.

We know what it takes to make tobacco in Eastern North Carolina and we are not telling you that building a fertilizer is any secret. We will show any farmer, anytime, what goes into each bag of Blount's High-Grade Fertilizers. We use nothing but plant foods as a filler, and every pound of materials that go into the making of each ton of fertilizer are the very best in quality and are recommended by our State Department.

We invite you to visit our plant at anytime. We want your business and appreciate your patronage.

Yours truly,
