Extend a Cordial Welcome to*

CLARK CANDY COMPANY

IN A SPIRIT of genuine cooperation, the undersigned merchants and business men of Williamston join in extending a hearty welcome to the firm of Clark Candy Company, which is just entering upon what we trust will be a long period of successful service to the people of this section.

In extending greetings to the operators of the new business here, we also wish to call attention to the fact that the shopping advantages to be found in Williamston can't be surpassed anywhere.

We are glad to have this new business here, and we are certain that the operators will spare no effort in helping us to make Williamston an even larger and better town in which to live and do business.
