How Cardui Helps Women To Build Up

Cardui stimulates the appetite and improves digestion, helping women to get more strength from the food they eat. As nourishment is improved, strength is built up, certain functional pains go away and women praise Cardui for helping them back to good health. Mrs. C. E. Hallif, of Hinton, W. Va., writes: "After the birth of my last baby, I did not seem to get my strength back. I took Cardui again and was soon sound and well. I have given it to my daughters and recommend it to other ladies. Thousands of women testify Cardui benefited them. If it does not benefit YOU, ask your physician."

STOP THAT COUGH

Coughs following Flu and Colds are dangerous. Clark's Creo-Cod quickly relieves these coughs, loosens the phlegm in the chest and bronchial tubes. Sold at Clark's Drug Store in 75c bottles.

Put this extra money in your own pocket!

Every Southern farmer knows that ARCADIAN, THE AMERICAN NITRATE OF SODA increases yields of cotton, corn and all other crops. But not all know about the Extra NITROGEN in "Arcadian". And that Extra Nitrogen is something really worth knowing about.

In cash value the Extra Nitrogen over the 16% guaranteed, runs as high as 88c per ton; This is reported by the Department of Agriculture and Immigration of the State of Virginia. Every time you buy

ARCADIAN, THE AMERICAN NITRATE OF SODA

you are sure of two things: 1—Superior crop-growing value as proved by many tests; 2—Extra Nitrogen which does not cost you one extra cent.

When you buy ARCADIAN, THE AMERICAN NITRATE OF SODA you get extra cash value which is just like putting money right in your own pocket.

Let us Assist You in Raising A Good Tobacco Crop

A Martin County farmer came to see us just about this time last year, said he had not grown a good tobacco crop for several years, that it had grown too big and rough and would not cure bright, but came out of the barn dark and sold at a very low price. We happened to know this man's land and advised him about a particular tobacco fertilizer made especially for his type soil. He used just that particular fertilizer and made a splendid crop.

Please feel free to consult us about any of your fertility problems. We are glad to serve our Martin County farmers. You may be surprised how we can help you in some way that you may least think.

Did you know that the fertilizer plant right here in your county puts more tons of fertilizer in North Carolina than any other fertilizer plant in North Carolina?

The reason is that the men who make Gro-More are right here in Martin County, North Carolina, studying Martin County and North Carolina soils and crops.

Can you afford to have some man in some big city, away off in some other State, and who probably never saw tobacco or cotton grow, make fertilizer for crops on your soil?
