

### 17 CASES TRIED LAST TUESDAY BY JUDGE PEEL

#### Is Last Session of County Court To Be Held Until May 19th

Forced to suspend its sessions for two weeks while the superior tribunal was in session, the county recorder's court sandwiched a session last Tuesday before a renovation program for the courtroom got underway. No sessions of the court will be held until May 19, Judge Peel explaining that he had been advised it would require about two weeks to repair and paint the courtroom.

While the court is not holding frequent sessions just now, it wades deep into its work when one is held, and Tuesday 17 cases were wiped from the docket. Incidentally the session was very profitable, Judge Peel imposing fines amounting to \$310, not to mention the costs attached against the defendants. And there were a few road sentences meted out.

Judgment was suspended upon payment of the costs in the case charging Thomas Goodrich with operating a motor vehicle without lights. The case had its origin several months ago, when the vehicle was backed into the road and Mr. C. B. Savage crashed into it, injuring him seriously.

Charged with non-support, Lewis Bond was found not guilty. Driving an automobile around with no driver's license cost Jonas Horton \$10 and costs of the case.

Andrew Gilford had six months added to his term for escaping from the Martin prison camp and carrying off prison clothes. It is quite apparent that a man fleeing from the camp stands little or no chance. If he wears off the clothes, he is charged with larceny; and if he leaves the clothes he would certainly face a charge of indecent exposure. Gilford is one of very few to escape from the Martin camp since it was established.

Charged with larceny and receiving, Nicodemus Razor was found not guilty. Tom Ryan, jr., and Charles Razor, defendants in the case, were each sentenced to the roads for four months. In a second case, charging Ryan and Charles Razor with larceny, the former was sentenced to the roads for 30 days and the latter to four months on the roads, the sentences to run consecutively.

Charged with drunken driving, H. H. Proctor was fined \$50 and taxed with the cost. His license to operate a motor vehicle was revoked for one year. He appealed to the superior court.

Willie Pearce, charged with manufacturing liquor, was fined \$100 and taxed with the cost.

Probable cause appearing in the case charging Joe Peel, jr., with larceny, he was bound over to the superior court. In default of \$150 bond he was returned to jail.

The case charging William Brown with larceny was remanded to the juvenile court.

Charged with reckless driving and operating a car with improper brakes, Mrs. Willard Harris was found not guilty on the first count. Judgment was suspended upon the payment of the cost on the count of operating a car without proper brakes.

George Silverthorne, charged with driving a horse and road cart while intoxicated, was found guilty of being drunk, the court suspending judgment upon payment of the cost.

Judgment was suspended upon payment of cost in the case charging C. L. Overton with speeding.

Buck Outterbridge, Jack Warren and Frank Miller were each fined \$50, taxed with the cost and had their drivers' licenses revoked for one year for alleged drunken automobile driving.

Ernest Whitehurst, charged with drunken automobile driving, was sentenced to the roads for three months and had his license revoked for one year.

### Salesman Hurt In Auto Wreck

Francis Polglase, salesman traveling out of Raleigh for the Epe-Fitzgerald Paper Company, was painfully bruised about the shoulder but not seriously hurt last Tuesday night, when his Pontiac car turned over on the curve near Collie Swamp. He had just passed a car when he met a big fertilizer truck traveling west and lost control of his machine, which turned over twice and was badly damaged.

Clyde Maynard, local young man, is recovering from an operation for appendicitis.

### INDIGESTION—GAS

John J. Williams of 708 Markham St., Durham, N. C., said: "I would get indigestion badly after eating. I belched gas, never felt hungry, and didn't seem to have any pep. I used only one bottle of Dr. Farrow's Golden Medical Discovery and it helped to relieve me of the stomach discomfort. After using it I had more pep and a better appetite."

### Catch 15,000 Fish at Haul At Jamesville Yesterday

Yesterday was a big day for the Jamesville fishery, reports stating that as many as 15,000 herring, a few shad and rock were taken at a haul. The operators found it necessary to "break" the seine four times to handle the catches at times.

The run of herring was not so large today, but fair-sized catches were reported.

### PRESBYTERIAN

Williamston church school at 9:45, worship service and sermon at 11 a. m. The new officers of all the work of the church will be installed at this service.

### BAPTIST

Bible school, 9:45; morning worship, 11; B. T. U., 7:00 and evening worship at 7:45 o'clock.

The two ordinances of the New Testament church are to be observed at the evening hour. The Lord's Supper will follow the baptismal service. Be present for these sacred and beautiful symbolical pictures of death, burial and resurrection and of sacrificial suffering.

### Dairy Should Have Five Cows To Be Profitable

While it is not profitable to keep more cows than can be fed largely on home grown feeds, it is also not profitable to keep less than five cows in the operation of a dairy. The returns from two or three cows will not justify the expense of the simple equipment needed in handling the product from such a herd and the cost of delivery will be practically double that from herds averaging five to ten cows. Begin the dairy project with not less than five cows and increase the number as the production of feed on the farm will warrant.

### WANTS

COLORED WOMAN WANTS Work. Prefers washing and ironing for several families. Work guaranteed. Maggie Haggen, Williamston, N. C. a28 4t

# Announcing.. SCHLITZ

## the beer with Sunshine

# VITAMIN-D

The same old-time SCHLITZ flavor and bouquet—with new health benefits AT NO INCREASE IN PRICE.

Supplies a vital aid to RADIANT HEALTH

FOR the first time, SUNSHINE VITAMIN D, the most precious of the vitamins, is brought to you in beer. This accomplishment not only marks the greatest contribution to health SCHLITZ has ever made, but it is also hailed as one of the greatest brewing achievements of all time!

All the world has become familiar with the health-bringing virtues of SUNSHINE VITAMIN D. Your physician will tell you how it helps fortify your resistance... how it helps build vigor, vitality, strength and energy... how it aids nerves, helps strengthen the muscles, bones and teeth.

### From the Sun Itself

And now Vitamin D—developed directly by the sun's rays—is available to you and your family in SCHLITZ. The achievement of SUNSHINE VITAMIN D in SCHLITZ BEER—after years of research—is fully protected by U. S. Letters Patent.

Vitamin D is found in very few foods. Yet it is indis-

pensable in the human body to insure the correct mineral balance. You will enjoy better health if you have an adequate supply.

### You Need it Now

Now you can obtain all the benefits of this health-building vitamin by drinking SCHLITZ. You can get your daily Vitamin D while you are enjoying the matchless flavor and bouquet of SCHLITZ BEER matured to perfection under SCHLITZ PRECISE ENZYME CONTROL.

Keep a case in your home. Drink SCHLITZ every day. It's the most refreshing of beverages. Cooling... delicious... invigorating. Vitamin D gives lasting benefits... adds new meaning to refreshment... helps keep you in trim to laugh off hot weather. Serve it at meals and whenever you, your family or your friends want a cooling, delicious, healthful drink.

Beer is good for you... and SCHLITZ with SUNSHINE VITAMIN D is better for you than any other beer.

\* Each 12-ounce bottle or can of SCHLITZ SUNSHINE VITAMIN D BEER contains 100 U. S. P. X. Units of Vitamin D.

SCHLITZ brewer's yeast contains the pro-vitamin D which is activated, directly by the ultra-violet rays of the sun to form Vitamin D. (Protected by U. S. Letters Patent).
