HIGH SPEED TIRE for 1936

**AVOID accidents—take no chances—buy your tires on Proof of Performance. Make sure that you and your family will be safe! Skidding, blowouts and punctures caused more than 37,000 accidents last year. Many of these accidents could have been avoided with safe tires.**

**The new Firestone High Speed Tire for 1936 is the safest driving equipment you can buy. Here is your proof:**

**PROOF OF GREATEST NON-SKID SAFETY**  
A leading university made 2,350 tire tests and found that the new scientifically designed Firestone High Speed tread stops a car up to 25% quicker than other tires.

**PROOF OF GREATEST BLOWOUT PROTECTION**  
Every year, since Firestone developed the Gum-Dipped Balloon tire, Firestone Tires have been on the winning cars in the gruelling blowout test of the Indianapolis 500-Mile Race.

**PROOF OF GREATEST ECONOMY**  
Firestone engineers designed the new Firestone High Speed Tire for 1936 to give you up to 50% longer non-skid mileage. This is proved by our own test fleet records and the fact that the world's largest transportation companies, such as Greyhound, to whom safety and tire economy means business efficiency, use Firestone Tires. This is further proof that they are the safest, most economical tires ever built.

Why risk an accident when it costs so little to protect lives worth so much? Equip your car today with new Firestone High Speed Tires—the Masterpiece of Tire Construction.
