done, without revolution. It is likely that Lenine will go down in history as one of the world's greatest statesman of his time. It is a marvel that a great government can be changed in so short a time and only one ruler killed, his country preserved, and at the same time train the people in true democracy. Truly it is a marvel.

Hancock and the Housing Problem

Representative Hancock, of the fifth district, pits himself against the proposed housing legislation favored by President Roosevelt and which the Senate has already passed. He wants more time to study the question, and he wants to have a committee appointed to study the housing problem in the United States and England.

Mr. Hancock would do well to remember that we do not need so much housing during the dry, warm summer months; and, since the question has been studied by the President and the administration for several years, carefully investigated and passed by the Senate, we can see no good reason why Mr. Hancock should be given time to study a problem about which he admits he has found out nothing in all this time.

Mud-Slinging Politicians

We cannot conceive of a more unwise thing for politicians to do than to go about slinging mud, because there are so few cases where such a course will not develop some backfire. When the principals tell all they know, however, the lower satellites of a politician will always multiply many times whatever virtues their favorite candidate may have and they also multiply the faults of their enemies in like proportion. This type of campaigning does not reflect the principles of true democracy.

A Wise Decision

The state supreme court has ruled that automobiles bought out of the state are subject to sales tax, which should constitute a great protection to the North Carolina dealers. If the court had ruled no sales tax on cars bought out of the state it would have given the dealers just over the state line a \$10 advantage over those dealers living just within our own state. It was good that the court decided that the home of the buyer was the place of the purchase and not the location of the dealer.

How long will you continue to lose this extra value?

The Department of Agriculture and Immigration of the State of Virginia, after official tests, reports that ARCADIAN, THE AMERICAN NITRATE OF SODA contains extra nitrogen over the guaranteed 16% with an extra cash value as high as 88¢ per ton.

If you are not using "ARCADIAN" you are not getting this extra value and this is just like throwing money away. Tell your fertilizer dealer you will use only

ARCADIAN, THE AMERICAN NITRATE OF SODA

FIRST: — because it is proved to be extra rich in nitrogen.

SECOND: — because it is produced in the South and its use helps to keep Southern workers employed.

Russia Emerges as a Democracy

Russia is the country which certain classes of men in this country have held up as having the worst of all governments. The Russians have been called Bolsheviks, Communists, and nearly everything bad. The fact is that a large portion of the accusations have been utterly false and put out for the sole purpose of creating false impressions in the minds of the people at large.

Now, in Russia, we see those in authority—who have proven themselves to be safe guardians of the rights of the people—giving their people complete freedom, with full rights of the ballot, to worship God according to their own wishes, and full freedom of both the press and of speech. No democracy has ever been founded on safer principles. Certainly our own does not outclass it.

One hundred millions of people have never emerged from a state of despotic czarism and oppression in the period of a century, as Russia has

Nervous, Weak Woman Soon All Right

"I had regular shaking spells from nervousness," writes Mrs. Cora Sanders, of Paragould, Ark. "I was all run-down and cramped at my time until I would have to go to bed. After my first bottle of Cardui, I was better. I kept taking Cardui and soon I was all right. The shaking quit and I did not cramp. I felt worlds better. I gave Cardui to my daughter who was in about the same condition and she was soon all right. Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician."
