In Beaufort
Mrs. Leslie Fowden and daughter are spending this week at Beaufort.

At Virginia Beach
Miss Irene Tetterton visited friends at Virginia Beach over the week-end.

HIGHSMITH - ROBERSON

In a ceremony striking in beauty and simplicity, the marriage of Miss Brownie Roberson and Mr. Herbert Highsmith, both of Robersonville, was solemnized at 8 o'clock Saturday morning, July 25, at the home of the bride's mother, Mrs. Callie Roberson.

Candlelight from numerous tapers glowed softly over the decorations, consisting of cut flowers, ivy, snapdragons and tall floor baskets of gladiolus and fern.

The bride and bridegroom entered together unattended, and the ring ritual was performed by Rev. C. B. Mashburn, of Farmville. Miss Nolie Keel Highsmith, sister of the bridegroom, dressed in royal blue chiffon with shoulder corsage of pink roses, played the nuptial music.

The bride wore a Letty Lee model of navy blue crepe with matching hat, shoes, and accessories. Her shoulder corsage was of white roses showered with lilies of the valley.

Mrs. Highsmith is the daughter of Mrs. Callie Roberson and the late L. J. Roberson. A graduate of East Carolina Teachers College, she has been affiliated with the Martin County schools for the past three years.

Mr. Highsmith, the son of Mr. and Mrs. J. M. Highsmith, attended N. C. State College, and is now a prominent business man of Robersonville.

Immediately after the ceremony, the couple left for a trip through Western North Carolina and the Shenandoah Valley.

Mr. and Mrs. Highsmith will be at home in Robersonville.

RECORDS TO AID FARMERS SECURE BENEFIT MONEY

Facts Will Be Means Of Proving Claims To Soil Payments

Farmers participating in the new farm program need to keep records of the soil-conserving crops they grow and the soil-building practices they carry out.

The records will be a means of proving they are entitled to soil-building payments, said Dean I. O. Schaub, director of the State Col-

As a further means of proof, the dean suggested that farmers notify their local committeemen, or their county agent's office, whenever they carry out soil-building practices.

The notification does not have to be in writing, he continued. The important thing is to inform the committeemen.

Then in checking up on a grower's compliance, the committeemen will take note of the practices carried out and give the farmer credit for them.

Before a producer can qualify for the payments, the dean emphasized, he will be required to submit proof of the soil-building practices he has followed.

This is why it is important to keep records, and notify the committeemen of all such practices observed in connection with the new program.

Officer Says Lick Salt To Block Heat

Danville, Va.—City Health Officer R. W. Garnett offered a new theory on heat and its consequences as he heard about the excessive weather out West.

Many cases of heat prostration and exhaustion, he said, are due to the loss of salt from the body through the pores to such an extent that the physical metabolism becomes upset. A few grains of salt placed on the tongue and absorbed, he said, will counterbalance the losses through perspiration.

Dr. Garnett also said that there are likely to be more motor accidents during extremely hot weather because of the tendency to become excited and to lose self control during hot weather.

The best rule apart from prudent diet and drinking of plenty of cool water is not to talk about the weather or to commiserate on the subject. Its psychological effect, he said "is extremely bad."

MEN!

Our expansion program for North Carolina will allow me to appoint two dealers in each of the following counties:

Bertie, Beaufort, Craven, Chowan, Carteret, Dare, Gates, Hertford, Hyde, Martin, Northampton, Pamlico, Tyrrell, Washington.

These men must have cars, must be ambitious and dependable, and

must be willing to put in an honest day's work every day.

Those selected will be thoroughly trained in our method of doing business, and we will furnish them all necessary equipment without any investment on their part.

These dealer agencies of our company are valuable and will be filled rapidly. Those interested in securing one of these franchises should see me at Hotel Gaston, New Bern, N. C., on Monday, August 3rd, from 9 to 12 o'clock.

JOSEPH C. DEY.

Sunny Side Inn Service Station

Under New Management

I wish to announce that I have secured a lease on the Sunny Side Inn Service Station (Theodore Roberson's Old Stand) and will reopen it on—

Saturday, August 1

Garland Coltrain will be in charge of this station and will be glad to serve you at all times. I will continue to operate the Two-Way Service Station at the intersection of the Jamesville-Washington Highways.

BOTH ARE EXCLUSIVE UP-TO-DATE

GUM-DIPPED TIRES are used on Greyhound Buses"

Says C. E. Wickman, President, Greyhound Corporation, world's largest highway transportation system

FOLLOW the lead of big tire users who buy on proof of performance.

Last year Greyhound buses traveled 138,000,000 miles from Coast to Coast and from Canada to the Gulf across deserts and over winding mountain roads.

They have won the National Safety Council's highest award in inter-city bus operation for the past four years. This is indeed a tribute to careful driving, efficient equipment and the reserve safety of Firestone Tires made possible by the Firestone Patented Process of Gum-Dipping which prevents internal friction and heat.

Firestone Gum-Dipped Tires run up to 28% cooler and give greatest blowout protection—the scientifically designed non-skid tread will stop your car up to 25% quicker and give you 50% longer non-skid mileage.

Take no chances! Buy your tires on proof of performance. Let us equip your car today with Firestone Gum-Dipped Tires, the Masterpiece of Tire Construction!

Visit the Firestone Exhibits at the Great Lakes Exposition in Cleveland and the Texas Centennial in Dallas.

FOR 25% LONGER TIRE MILEAGE EQUIP YOUR CAR WITH Firestone SEALTYE TUBES

A special compound on inside of tube seals the inner surface against leakage. By maintaining a constant air pressure, Firestone Sealtye Tubes will increase your tire mileage 25%.
