**FIRST GRADE QUALITY**—The new Firestone Standard Tire is built of first grade materials, by skilled workmen, and embodies the Firestone patented construction features of Gum-Dipping and two extra layers of Gum-Dipped cords under the tread.

**GUM-DIPPED CORD BODY**—Every cotton fibre in every cord in every ply is soaked in liquid rubber.

This is the only process known that prevents internal friction and heat, providing greater strength, blowout protection and longer life.

**TWO EXTRA LAYERS OF GUM-DIPPED CORDS UNDER THE TREAD**—This patented Firestone feature binds the whole tire into one unit of greater strength, cushions road shocks, gives extra protection against punctures.

**LONGER NON-SKID MILEAGE**—The new scientifically designed non-skid tread is wider, flatter, with more and tougher rubber on the road, giving long even wear and thousands of extra miles.

**LOW PRICES**—These low prices are made possible by volume production in the world's most efficient factories.

**THE FIRESTONE NAME AND GUARANTEE**—Every Firestone Standard Tire bears the Firestone name, your guarantee of greater safety, dependability and economy.
