You're next! FOR THE NEW

TAR FREE HAVOLINE MOTOR OIL

TAR WON'T FLOW
THROUGH A
pinhole

Here's America's topnotch oil—and we certainly recommend that you try it right away! It makes a difference. A lot of our regular customers say they've never had such engine performance as this new Havoline gives.

The reason is—it's Tarfree! Can't clog your motor. It's re-

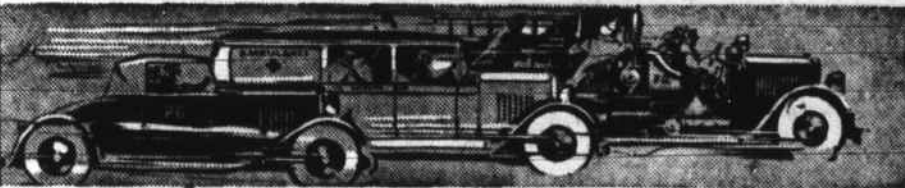

fined by the Furfural Solvent Process, a new scientific method that gets out the sludgy, tarry stuff that ordinary refining leaves in. And don't forget—Havoline is Waxfree too.

We've just got in a new shipment of this grand oil. Sold only in cans, sealed at the refinery for your protection. Drop in and get a "spring cleaning" for your crankcase—with a filling of the *cleanest* oil in America.

The U. S. Government specifies for its emergency use:—
"... a grade of motor fuel which is suitable for ambulances, fire engines, military and naval equipment, and other emergency vehicles under adverse conditions of starting and acceleration."
(excerpt from U. S. Gov't. pamphlet FF-M-571)
Fire-Chief Gasoline exceeds these specifications!
