COWAN-ROEBUCK MARRIAGE IN JULY ANNOUNCED HERE

Mrs. A. L. Roebuck announces the marriage of her daughter, Miss Lela Roebuck, to Mr. Rupert Cowan on Saturday, July 4, 1936, at Suffolk, Virginia.

The above announcement was made here today and came as a surprise to the friends of the young couple.

Mrs. Cowan is the popular daughter of Mrs. A. L. Roebuck, of Williamston, and the late A. L. Roebuck, several terms sheriff of Martin County. She received her education in the Williamston schools and for the past several years has been employed by the Carolina Telephone and Telegraph company. She has many friends in this section who are glad to learn that she will continue to live in Williamston.

Mr. Cowan is the son of Mr. and Mrs. James Cowan, of Ahoskie. During the past few weeks he has been in South Carolina and Georgia working for the Imperial Tobacco Company. He will return home this week and will be associated with the Columbian Peanut Company at its local plant. Mr. Cowan received his education in the Ahoskie schools and at Wake Forest College.

Mrs. Everette, the only child of Mr. and Mrs. J. C. Taylor, is a popular and attractive member of the younger set. After finishing high school she attended Atlantic Christian College in Wilson.

Mr. Everette, the only son of Mr. and Mrs. H. L. Everette, is a promising young tobaccoist and also associated with his father in extensive farming interests. He is a graduate of Randolph-Macon Academy and the University of North Carolina.

Jamesville Chapter Tar Heel Farmers Return From Camp

Martin Boys Rank Fourth Among Thirteen Clubs At White Lake

Twenty-one members of the Jamesville chapter of the Young Tar Heel Farmers spent last week at their camp on the banks of White Lake. This is an annual affair held for the F. T. H. F. members throughout the State.

Each week for eight consecutive weeks different chapters go there to camp. There are 10 events rendered by each chapter each week; namely, baseball, volleyball, softball, horse shoe pitching, swimming, percent attendance of chapter at camp, percent attendance at roll call each morning at 6:30 on athletic field for exercises, quietness after 10:30 p. m., tidiness of cottages, and stunt night. First place in each event carries with it 25 points; second place, 20 points; third place, 15 points, thereby making it possible for any one camp to make a total of 250 points for the week.

Each week there is a high scoring school for that particular week, and at the end of the camp there is a distinction made for the highest scorer of the summer.

Jamesville boys scored 158 points to take fourth place for the week. There were thirteen chapters represented. The boys were eliminated in the first game of baseball, horseshoe pitching and stunts, but in volleyball and softball they went to the semi-finals. In swimming they scored second by taking four first places, two seconds and one third out of ten races. The only first place taken was in the 6:30 roll call on the athletic field, but 4 second places were taken. Those were: percent attendance of chapter at camp, cleanliness of cottage, swimming and order after 10:30 p. m.

Those attending the camp were: J. C. Eubanks, teacher; Millard Martin, George Manning, Edward Earl Brown, Jim Holliday, Andrew Holliday, jr., Roscoe Stallings, Arnold and Wendell Modlin, Ernie Modlin,

Series of Services Is Held at Prison Camp

With the permission of Superintendent Edmondson of the Martin County prison camp, a week's meeting was held by Rev. G. T. Hill, Williamston colored Baptist minister, who is the camp minister, for the Presbyterian church, and the Rev. Z. T. Piephoff, Presbyterian minister.

Each evening the 106 inmates would return from their day's labor around 6 o'clock. The cooks in the mess hall would serve them their evening meal as rapidly as possible and then the mess hall would be put in condition for the service at 7:15 p. m.

With the full cooperation of the guards and officials, the men were permitted to file into the mess hall, where, one of the men would distribute the hymn books so that all who would could help in the singing. The men chose their own songs and one of their number would lead in the opening prayer. After the announcements and singing the evening message was given.

Sells \$170.72 Worth Of Cucumbers In Pamlico

F. E. Alfred, jr., of Bayboro, Pamlico County, sold \$170.72 worth of cucumbers from two acres, but most growers failed to produce a good crop due to dry weather.

Raymond Davenport, Alexander Corey, Milton Jones, Levi Davis, Andrew Lilley, Cushion Barber, Thomas Martin, Edward Martin, Henry Clyde and James Walters, Carlyle Stallings and Joseph Holliday, students; Roy Williams, visitor and truck driver.

en. The men were very attentive throughout the whole of the meeting. During the week there were many who asked for a special prayer in their behalf. On one of the evenings practically every man present came forward and shook the minister's hands signifying their

love for the Lord. On Friday night four of these men were baptized, and two came into the church by re-statement and letter.

The above camp is considered by the Presbyterian Church of Martin County as one of its Missions, and present plans are to establish a

unit of the church there so that these men may still have the privileges of the church even in prison.

Upon the expiration of their sentences these men are given church letters to be carried by them and placed in the church of their choice back home.

Men Too Grow Obsolete

The wise business man sets up systematic reserves to replace buildings and machinery. He knows they will wear out, and if he doesn't plan for their replacement he'll go broke. But how many men consider this rule in dealing with their own bodies. To be sure, you can't set aside enough to replace your worn-out body, but you can set aside enough money to establish a money substitute for yourself or to protect your wife and your children should you suddenly pass on. The best protection is life insurance, and it is difficult to understand why so few men give their own personal affairs the attention they give their businesses.

To his wife and children, the end of income-producing life of the business man—whether that end comes at death or with the exhaustion accompanying old age, brings the same problem as the wearing out or destruction of machinery or other physical property. There are many good reasons for life insurance. No reasons, however, can more accurately demonstrate its value than the depreciation factor which is constantly at work on every income-producing mechanism, whether of flesh and blood or wool and steel.

For particulars or figures on how to protect yourself, your wife or children, see us.
