

## GOING FORWARD

### With the **WILLIAMSTON** Tobacco Market

The remarkable progress made by the Williamston Tobacco Market during the past two seasons is one of the outstanding features in the New Bright Belt. This progress is made possible by only one thing—satisfying the people who bring tobacco here. And not only will you be satisfied with the price your tobacco brings, but you will be served by courteous, friendly people, people who realize their dependence upon your good will for a continuance of progress in the community.

With these things in mind, the Williamston market solicits your patronage this year. Every warehouse is operated by capable, experienced men who will do their best for you on every sale. We know of no market that has a better selling force or stronger buyers, grade for grade. Opening sale on Tuesday, September 1. Whether you bring tobacco or not, we want you to know that you always have a standing invitation to visit Williamston, its tobacco market, and its friendly people.
