

YOU GET MORE  
**GO**  
FOR YOUR GASOLINE DOLLAR

... when you buy from our **TEXACO** pumps!

More for your money too!

when you buy our Havoline Motor Oil... the finest of 100% distilled oils...

or our New Texaco Motor Oil... a free-flowing, heat-resistant oil at 25¢ a quart...

and Marfak... the Chassis lubricant that outlasts ordinary grease two-to-one!

**H**ERE'S how we figure it. You pay no more for our Texaco Fire-Chief than for ordinary gasoline. But you get *emergency duty* gasoline!

That means a faster-starting gasoline which gives your car quicker pick-up... smoother power. Texaco Fire-Chief was developed originally for use in emergency vehicles like ambulances and fire-engines.

Shrewd purchasing agents for many big bus lines buy Texaco Fire-Chief regularly for its efficiency and economy.

We urge you to select *your* gasoline as carefully as they do... for you're really a big buyer too. If you drive as much as the U. S. average, you'll use 608 gallons this year! We hope you'll place your order at our pumps.

With Cooler Weather You Should Change the Oil in Your Car's Motor. Try Texaco or Havoline Motor Oils There Are None Better

*Wholly Distilled!*  
THAT'S THE OIL YOU NEED

Use Havoline. It's 100% distilled. It gives your motor full protection. It is waxfree and tarfree. With Havoline you have a clean motor. No hard carbon! No injurious sludge. We sell Havoline because we know it's the finest oil money can buy. Drive in and try it.
