

### STATE LEADS ALL OTHERS RAISING TRUCK PRODUCE

#### Value of Vegetables Grown For Home Use In State Valued at \$9,631,010

North Carolina leads all other States in the value of garden vegetables grown for home use. That is the conclusion reached by M. E. Gardner, extension horticulturist at State College, after studying figures recently released by the bureau of the census, U. S. Department of Agriculture.

The figures did not cover Irish and sweet potatoes, but they included the other principal vegetables grown in American gardens. Mississippi stood next to North Carolina, and Tennessee ranked third.

The value of North Carolina's crop of vegetables grown for home use was placed at \$9,631,010. The Mississippi and Tennessee valuations were between eight and nine million dollars.

In 1935, North Carolina farmers also raised 95,684 acres of garden vegetables for sale, not counting Irish and sweet potatoes, Gardner observed.

This acreage was divided thus: Beans, 22,009 acres; cabbage, 8,518 acres; sweet corn, 9,619 acres; tomatoes, 5,420 acres; watermelons, 20,240 acres, and other vegetables except potatoes 29,878 acres.

Gardner pointed out that the increased production and consumption of garden vegetables over the nation indicates a change in the dietary habits of the American people.

This is particularly true in North Carolina, he went on, where the people are paying more attention to a balanced diet and where farmers are seeking to live-at-home by producing on the farm as much of their food requirements as possible.

The greater consumption of gar-

## Go To Church Sunday Sunday School, Too!

### PRESBYTERIAN

Williamston Church school, 9:45 a. m., subject: "The Higher Heroism."

Bear Grass Church school at 10 a. m. Young People's meeting at 6 p. m. - Worship service and sermon at 7 p. m.

Roberson's Chapel Church school at 3:30 p. m. Young People's meeting Monday night at 7 o'clock. Prayer meeting Thursday night at 7:00 o'clock.

Poplar Point Church school at 1:30 o'clock p. m.

Elder J. Nat Harrison, of Greenville, N. C., will be with us at each point Sunday in the interest of Barium Springs.

### Churchmen Enjoy Supper At Roberson's Chapel

The men of the church at Roberson's Chapel enjoyed an oyster roast last Tuesday night at 6 o'clock. Twenty men were present for their monthly meeting. As the men gathered a fire was built, tables made, and oysters roasted. For an hour and a half these men enjoyed a period of fellowship and food. After the 4 tubs of oysters were opened and eaten the men gathered in the church for their regular meeting. The subject under discussion was, "What My Church Has Meant To Me." Practically every man present told how Christ and His Church had helped him, all agreeing that they would not want to live in a community where there was no church. Before dismissing the men gave in cash and pledged enough to take care of their benevolences for the rest of the year.

Garden vegetables is not only conducive to better health, he added, but it is also providing many families with another welcome source of cash income.

### CAN WE TRUST JESUS?

Thus far we have noticed that we are all sinners, and as such if we continue in an unrepentant condition, we are already condemned to spend eternity in Hell with the Devil and his angels. On the other hand, however, we have a Savior in Christ Jesus. The way to escape perishing eternally, to escape the wrath of God, His condemnation of spiritual death, eternal separation from Him, is not by working, see Ephesians 2:8-9, Galatians 2:16, but through faith. There is nothing you can do to save yourself, except believe, trust, have faith, not in some thing, but in a person, and that person is Jesus Christ.

Salvation is a gift. See Ephesians, 2:8 and Romans 6:23. Faith is knowledge plus accepting the knowledge as being true plus acting on this knowledge. Jesus says if we will but trust Him, He will give us eternal life. See John 5:24. He says if we will trust Him we shall become a child of God. John 1:12. That we shall never perish. John 3:16. That there is no power in Heaven or Earth that can take us out of His hand. John 10:28-30.

Can we trust Him to do all this for us? A man once promised me to meet me at a certain place at a certain time. He didn't come. Hundreds of promises have been made and broken by man. But not once has God promised that He has not fulfilled His promise. God does not and God cannot lie. See Numbers, 23:19 and Hebrews 6:17. He is the only Person Whom we can trust implicitly and unreservedly.

You know that that's knowledge. You believe this, that's belief—the only thing left to do to be saved—is to accept Him—give yourself to Him. You should. You can—then won't you? Simply bow your head wherever you are as you read this—and say to Jesus, I acknowledge myself a sinner. I believe God has sent you as the Savior of the world, and here this very minute I take you in simple faith as my Savior. And before you can raise your head, you will become a saved person, a child of God. That's His promise to you, not mine, but His. Won't you trust Him?

**BAPTIST**  
Bible school, 9:45 a. m.  
Morning worship at 11 o'clock, subject: "True Worship."  
B. T. U., 6:30 p. m.  
Evening worship and Baptismal service, 7:30 o'clock. Evening subject, "Sing Unto the Lord."

**METHODIST**  
Church school, 9:45 a. m.  
Morning service, 11 o'clock.  
Epworth League, 5:45 p. m.  
Evening service, 7:30 o'clock.  
**Holly Springs**  
Service at 3:00 p. m.

Next Sunday will be our last Sunday before our annual conference at New Bern which begins next Thursday morning. I trust every Methodist in Williamston will be at the morning service next Sunday. We will receive six new members and a number of other important matters will claim our attention at that time.

Let all the Sunday school classes make a full report on their benevolent apportionment next Sunday.

**EPISCOPAL**  
Rev. E. F. Moseley, Rector.  
Twenty-third Sunday after Trinity.  
Church school, 9:45 a. m.  
Morning prayer and sermon, 11 o'clock.

No evening service on account of the rector's leaving to attend Provincial Synod at New Orleans.

### Permanent C. C. C.

#### Urged on President

Washington.—Adoption of the Civilian Conservation Corps as a permanent Government agency was recommended to President Roosevelt recently by CCC Director Robert Fechner.

In a letter to the President, made public by the White House, Fechner said a recent survey of the Interior and Agricultural Departments showed "there is sufficient urgent need to furnish profitable employment for a CCC of between 300,000 and 350,000 for many years to come."

"The survey indicated that the annual work load ahead for a permanent CCC will increase rather than diminish during the next few years," Fechner wrote the President.

"The departments advised me that notwithstanding the tremendous work of reforestation, erosion control and other conservation work accomplished by the CCC during the last three and a half years, much work remains to be completed before our forests, parks, agricultural lands and grazing areas will have been afforded adequate protection and development."

Fechner said reports from cooperating Federal and State agencies indicated the CCC's "greatest contribution" has come in defending forests and parks from ravages of fire, insect, and soil and water erosion. "The past three and a half years have shown that continuance of the CCC will be of permanent value to the nation, he said. "As long as there are young men eager to work, yet idle through no fault of their own, the CCC can continue to be an effective part of our national policy."

### URGES FARMERS TO FINISH TASK THAT IS THEIRS

(Continued from page one)  
half million dollars in government payments along with parity prices for tobacco, cotton, peanuts, corn and hogs. We have made progress.

**FARMERS Supply Co.**  
WILLIAMSTON, N. C.

but the job is only half done. Due to the Supreme Court decision, which brought instant death to the Triple A, a new method of attack on the surplus problem was put into effect. The change has introduced new problems. Will the present Soil Conservation program maintain an effective production control of tobacco? The states must take over the farm program by 1938. Who is going to write the program and see that it is put over in our State? Will it be the organized farmers or will it be the politicians?

**Strength in Numbers**  
The future of agriculture is at stake. Are you going to help maintain a sound farm program? Is your farming interest worth fighting for? How can the individual farmer fight for crop control, parity prices, low interest rates and so on? The answer is he can't. The only way you can fight effectively, is to band together with your neighbors and all march down the road together. If farmers do not prove their strength they will soon be headed down hill again. It is possible that the once "famous carts" could decorate our highways again. There remains much work yet to be done. The individual farmer will never march to victory alone.

**Opportunity**  
With a strong county, state, and national farm organization you can maintain parity prices, crop control, secure adequate credit facilities, low interest rates, and fight for a fair distribution of the tax burden. You can promote rural electrification, better schools, better homes, and better communities to serve agriculture! Farmers should bear in mind that agriculture in our highly organized civilization will be facing new problems every year. Like the poor man who loses "even that which he hath," agriculture will lose all of its gains unless it is eternally on the job, watching out and fighting for its own interests.

Organized farmers have once demonstrated their power. Are you to fall down now at the most critical time? Agriculture needs you on the firing line. You owe it to yourself, your family, your community, your nation, to enroll in this great fight. Farmers are only asking for equality of opportunity with other groups. When you attain that, you will achieve the golden age of agriculture. Farmer organizations have made a good start toward rebuilding a prosperous nation, founded on a

prosperous agriculture. Let's finish the job.

# WANTS

**FOR SALE: REMINGTON UP-right piano.** Excellent condition. Will sell reasonably. See Mrs. Lillian Holliday Baker, Everetts, N. Carolina. 41-W-F, pd.

**CARLOAD, 14,000 CANS, OF NEW** Texaco Motor Oil came in today on the Texaco boat. At 25 cents a quart, it's the fastest-selling motor oil to be found anywhere. Harrison Oil Co. It
