Christmas HARDWARE

Instead of spending your money for trifling gifts of no enduring merit this year, why not buy gift articles of hardware? All are eminently practical, of course; as a rule they are articles that you will buy later, anyway.

The list of suggestions submitted here by no means represents all the gift ideas in our store. You will find something here for everyone, and we'll be only too glad to make suggestions and show you our stock. The assortment is complete now—and the prices will not be any lower later; in fact, replacements will probably cost more, so be wise and bring us your list now.

We sat down to think of the reasons why you should buy your Gifts at Margolis Bros. We mean YOUR reasons for buying, not ours for wanting you to. Without commercial ballyhoo, we offer you just one:

THIS IS A GOOD STORE. We don't say it is the ONLY good store. If this reminder sends you out to shop in one of the others, it will still benefit us sooner or later, for all good stores have a common cause.

We prefer not to talk about the size of our collections . . . you know they are adequate. We could tell you how carefully and how much time we spent in collecting them . . . how every single gift-item had to measure up to the Margolis quality standard before finding its way into our Christmas stocks. But that needn't matter to you, so long as they are unusual and are here.

We prefer to stress this one thing—that the name of Margolis Brothers on a gift you give (or receive) is a token of a certain standard of selectivity, a small added glamour to the pleasure of the gift itself.
