

Williamston Needs More Homes

Shades -- Awnings

Take a tip from us and include the cost of your shades and awnings in the cost of your home. Then you will be sure of having them. Otherwise, they may come one of those things you plan to get "some day"—a day that never comes. The cost is surprisingly low, and we will be glad to figure with you.

HARRISON BROS. and COMPANY

LET US FIGURE ON YOUR

ELECTRICAL CONTRACTING

When you have drawn your plans—or had them drawn—call us in, and let's figure on all those extra outlets and drops you want, as well as the regular wiring that is to be done to your home. Outlets cost very little when the wiring is done before the house is completed; in fact, you will be very agreeably surprised to find how convenient you can make your home at a cost that will be negligible. We've had years of experience in this work and will be glad to consult with you.

Williamston RADIO & ELECTRIC COMPANY

BUILDING MATERIALS

FOR

Every Type of Home

Fifteen desirable lots to be sold very reasonably. If you have 20 per cent of the cost of a home, we will furnish the lot and build you a home to your plans on easy terms.

LUMBER, MILLWORK, BRICK, LIME, PLASTER, ROOFING, NAILS, PAINTS, ETC.

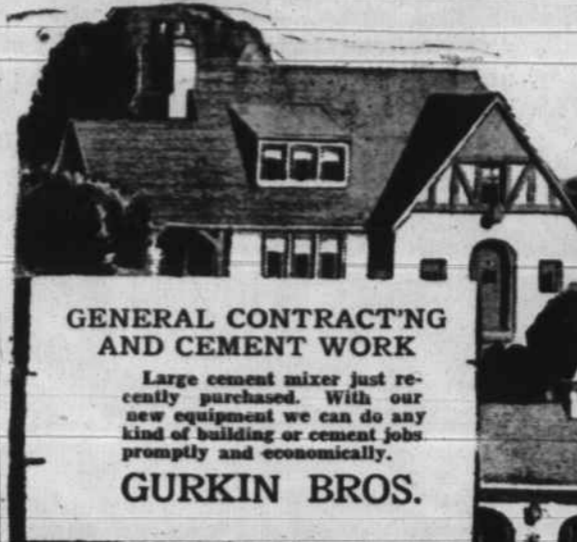

Our complete stock of building materials and supplies includes practically every article that is used in constructing a house. Here, again, our many years of experience will be of advantage to you, and we believe we can really save you money when you get ready to build. Write or call us, and we'll be at your service.

We'll Be Glad To Help You With Plans and Estimates

GENERAL CONTRACTING AND CEMENT WORK

Large cement mixer just recently purchased. With our new equipment we can do any kind of building or cement jobs promptly and economically.

GURKIN BROS.

Your Electrical Work

The wiring is one of the most important features connected with the building of a home. The fact that we have been in business right here in Williamston for the past quarter of a century—doing practically all the wiring in the section during that time—should be ample evidence that we know our business.

And when you call us in to help in your electrical problems, you get the benefit of all our years' experience in supplying the needs of the community along this line.

The Sensible Way of Home Financing

The Building and Loan Method of home financing has put all other methods in the shade—both from the standpoint of effectiveness and convenience to the borrower. The building and loan way is also the easiest known to save a part of your earnings each week or month. Whether you wish to start saving for a home or for any other purpose, make your plans now to take stock in our next series, sale of which begins March 6.

Earnings in the Martin County Building and Loan Association average around 5 per cent. The stock is non-taxable. You can always borrow up to 90 per cent of the amount paid in on your stock. Three classes sold, costing 12 1-2c, 25c, and 50c per share per week. See any of the officers or directors of this association, and they will be glad to take your subscription for stock in the March series.

39th Series of Stock Will Go on Sale Saturday, March 6th, 1937
