

Planning Grade A Dairy In Parmele

Last week I overheard a little girl say she would be mighty glad when school is out. This morning after school is really closed, I saw that same girl playing school. What queer things we are.

We are eating home raised strawberries of large size and fine flavor. The potato crop looks fine and we are soon going to eat new potatoes till we all get the colic and Dr. Ward gets our cash.

Gardens are looking fine and most everybody is planting corn. Parmele is sure growing. We are getting real proud of ourselves.

George James is planning a Grade A dairy with a big drove of fine cows. Wilmer C. Whitehurst has built an addition to his store and enlarged his stock. He recently bought a new car and we accused him of serious matrimonial intentions. He refuses to either admit or deny the charge. So you can take your choice. A further proof of our progressiveness is our new market. It is called the Yellow Front Market and Grocery Store. Some Robersonvillians are opening up here on Friday of this week at about six-thirty in the morning, and just to prove that they mean business they are going to have a grand opening all day Friday and expect to see plenty of folks from the little town of Robersonville here to the opening and it is to be just like an opening in a big city. Manager Morris did not say there would be a brass band or free lunches, but did say positively there would be a souvenir of some kind or a valuable present for everyone entering the store on Friday, May 6. Now come and get yours. But don't all come at six-thirty in the morning.

Come to think of it Parmele is due to grow. Taxes are about one-fourth what they are in other towns around here and light current is about half what Robersonvillians pay for the service. House rent is low and several good homes here can be purchased for very little. We get five or six mails a day and we do very little fighting with our neighbors. Parmele is a good place to stop.

Piney Grove Services Announced By Pastor

The Piney Grove church will hold its quarterly meeting on Saturday morning (tomorrow) at 11 o'clock. Regular preaching services will be held Sunday morning at 11 o'clock, the Sunday school to convene at 2:30 that afternoon.

G-E Refrigerators Show Improvement

Few people realize that three-fourths of the time it takes to manufacture a good electric refrigerator, is spent in testing and inspecting, according to B. S. Courtney, local General Electric dealer. "Yet that's the reason that thousands upon thousands of General Electric refrigerators a dozen years old are still giving satisfactory service to their original owners," Mr. Courtney stated.

"Some of the veteran G-E refrigerators were taken to the research laboratory for a test recently. It was discovered that they use no more current to operate now, than twelve years ago when they were put in use. When the units were taken apart, they showed practically no signs of wear.

"Now the famous sealed mechanism, improved by twelve years of testing in thousands of homes and in the laboratory, costs no more than other types of household refrigeration. And from the General Electric laboratory comes the announcement that the new Triple Thrift unit has a potential life about three times that of its 1927 predecessor.

"The 1938 models, now on display at Courtney's, cost only 1-2 as much to buy, operate on less than half the current, are five times as quiet, have fifty-six per cent more unit capacity, more convenience features, and improved styling, as compared with 1927 models," Mr. Courtney said.

Social security payments of \$373.74.29 went to 46,776 needy aged and dependent children in North Carolina last month, Director N. H. Yelverton said yesterday.

Finals Program In School At Parmele

Commencement exercises at the Training School, Parmele, got underway Thursday afternoon at two o'clock, when the A. and T. band, Greensboro, N. C., rendered a musical program in the school auditorium. Friday evening at eight o'clock the senior class rendered its class program. Sunday afternoon at three o'clock the baccalaureate sermon was delivered by Dr. George N. Fisher, rector of St. Ambrose Episcopal church, Raleigh. He spoke from the subject, "Quit ye like men, be strong." He urged the importance of building and preserving a sound body and keeping it under subjection. "Enrich your minds," said the speaker, "the air is filled with education. Just open your minds and take it in, and thereby live the abundant life."

The grammar department of the school will render several programs during the week. Graduation exercises will take place Thursday afternoon at three o'clock. The principal address will be delivered by Dr. Robert P. Daniel, president of Shaw University, Raleigh. A cordial invitation is extended to the public to attend these exercises.

District Auxiliary Holds Meeting In Hamilton

(Continued from page one) at Kanuga. Another diocesan officer recognized was Mrs. John W. Hardy, of Williamston, supply secretary.

The Rev. William M. Latta, of Windsor, gave graphic illustrations of how a parish plan should work, in citing the work done by St. Thomas' Parish, Windsor, since the beginning of his rectorship there in 1935. After a solo, "Lord, Teach Me to Pray," by Mrs. E. S. Perry, of Windsor, the Rev. Mr. Latta led us in noonday prayers.

The scholarship to Kanuga, given by Mrs. J. G. Stator, of Williamston, was presented to the Rev. John W. Hardy.

After a lovely and delightful luncheon, prepared and served by the ladies of the Baptist and Methodist churches in Hamilton, the meeting was adjourned, to meet at St. Mark's, Roxobel, next year. Let us thank those ladies in Hamilton for their cordial hospitality.

The following churches were represented at the meeting: Holy Innocents, Avoca; St. Martin's, Hamilton; St. Mark's, Roxobel; St. Thomas, Windsor; Grace Church, Woodville; Church of the Advent, Williamston.

Nineteen Marriage Licenses Were Issued Last Month

(Continued from page one) Wadie L. Pittman, of Stantonsburg, and Perlie Mae Roberson, of this county.

Colored Jasper Page and Rosie Ella Barnhill, both of Robersonville.

Sam Langley, Jr., and Maggie Lou Stokes, both of Williamston.

Arthur Brooks and Catherine Ellis, both of Plymouth.

Herman R. Brooks and Dollena Jacobs, both of this county.

Willie Green and Willie Jane Lyon, both of Williamston.

Ervin Woolard and Aradis Corey, both of this county.

Joe Henry Brown and Odessa Evans, both of Everetts.

Arthur Duggins and Eula Lee Co-tanehe, both of Martin County.

William Joseph Huff and Sarah Joyner, both of this county.

Columbus Clark and Rose Moore, both of Hassell.

AN APPEAL TO THE PEOPLE OF MARTIN COUNTY

Vote for Don E. Johnson for Solicitor of Recorder's Court Friends of Martin County, I am asking for your support in the June Primary as Candidate for Recorder's Court Solicitor. Please read this brief sketch of my life history and decide for yourself whether or not I am worthy of the office.

I was born in Martin County, Poplar Point, and for six years attended school in a one-room building. I gained as much knowledge from that training as possible, but the teacher was burdened with too much work and could not give the attention which we should have had. I was then transferred to Hamilton and later to Robersonville, where I graduated from High School.

During my latter years of High School I decided that I should like to study law, but due to financial difficulties, it seemed an impossibility. However, in the face of the darkest despair, I took my meager belongings and went to one of the best law schools in the state.

There I struggled through five of the hardest years imaginable. I was upon my own resources, having to pay my entire expenses such as room, board, tuition and even the necessary incidentals, such as pen, paper and ink. To meet these expenses I labored long and hard, late

Margolis Brothers

at night and early morning. In spite of these obstacles I finished my course with a Bachelor of Laws Degree, and a license to practice. New hope was burning high! But, alas, the question of finances arose again and I have been unable to begin the practice of law.

Friends, give me your support and you give me one break and a chance to practice law. I have always tried to be a man of good moral character and shall continue trying to be such. Thank you. DON E. JOHNSON.

Hail INSURANCE

Let us insure your tobacco against damage by hail. Last year over 50,000 farmers in the Southeast suffered severe hail losses.

For the small additional cost of 4 per cent we can insure your cost of fertilizer and labor by a hail policy. Don't you think this would be a cheap investment.

Write or come to see us. It will cost you no more to write this policy now than it would on July 1st. Let us cover your crop now.

HARRISON AND CARSTARPHEN

"Take 6, Multiply by 2, Divide by 3, Subtract 100 and the answer is Triple-Thrift!"

A General Electric six cubic foot electric refrigerator of today has almost twice the cooling capacity, almost four times the freezing speed, and operates for about one-third the cost of its 1927 predecessor. Yet with all of these superiorities, the 1938 General Electric refrigerator is priced \$100 lower. Never before has General Electric offered so much refrigerator for so little money.

\$5.00 DOWN IS ALL YOU NEED TO BUY A GENERAL ELECTRIC
