ELECTRIC RANGES

are economical--just like electric light

OVER 2,500,000 USERS ENJOY THIS ECONOMY

A NATION-WIDE survey shows that non-users think Electric Cookery costs over twice as much as users actually pay!

• Thanks to low electric rates, families of modest means can easily afford this modern, better way to cook. Too, the 1940 models in Electric Ranges have many new, improved economy features.

• Simplified methods and precision automatic controls measure the heat just as you measure all the other cooking ingredients. Ovens

are heavily insulated to cook the food, but not the cook.

Since electric heat is as clean as sunshine, you can save time, effort and money by cooking on an Electric Range.

In addition to these economy advantages, Electric Ranges are fast and cool and dependable and beautiful. Prices are low... terms are easy... operating costs small. See the new 1940 models now!

“... THAT'S WHERE WE'LL GO !”

You add to your own enjoyment and protect your right to drink GOOD beer when you choose to drink it only in those retail establishments that are clean, inviting and LAW-ABIDING.

Investigation has proved that the great majority of North Carolina's retail beer outlets are decent, respectable places of legitimate business. However, there are bound to be a certain small number in the group who are "black sheep" in that they permit anti-social practices in their places of business or indulge in them themselves.

Desiring to eliminate the objectionable places, the Brewers and North Carolina Beer Distributors Committee has cooperated fully with law enforcement officials and to date 90 of them have lost their licenses and several score others have been denied new licenses because they refused to "clean up" during the past year.

So... when you say: "That's where we'll go!", be sure it is the RIGHT kind of retail beer outlet.
