

'Knute Rockne Day' To Be Observed by High School Friday

Williamston High Is Victim Of Fast Edenton Team, 13-0

Cherry and Roberson Star in Wave Offense; Getsinger Also Shines at End

Williamston's Green Wave went down in defeat last Friday afternoon before a light but fast Edenton high team, 13-0. Edenton led the attack in the first period to score on an end play; they failed to convert the extra point. In the second period Edenton again baffled the inexperienced Williamston outfit with its reverse plays that were good for 20 and 30 yards each time. They again hit the left side of the Green Wave line for a 20 yard run for their second score.

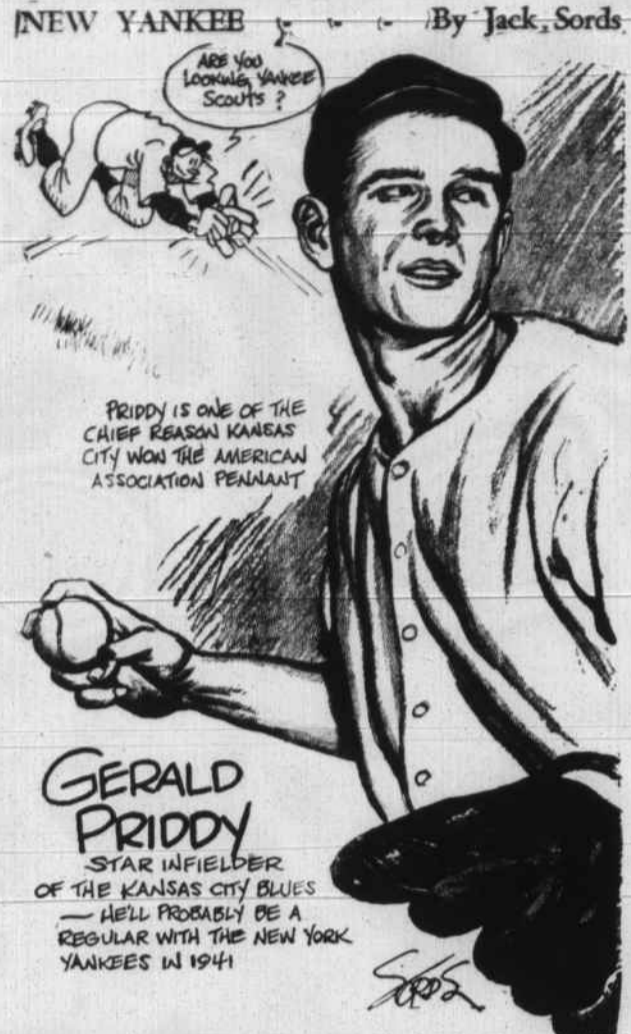

The Green Wave showed more power in the second half in holding the Aces of Edenton scoreless. Williamston was able to complete three passes out of a dozen for good gains and had only one pass intercepted. In the final period Garland Wynne intercepted an Edenton pass but was finally brought down 20 yards from the pay dirt.

Cherry and Roberson were outstanding on the offense for the Green Wave, with Getsinger and Cullipher leading on the defensive. The brilliant play of the young sophomore, Conrad Getsinger at left end, broke up the end plays of the opponents in the second half that had produced two scores in the first half of the game.

With slightly more layers on farms than last year, egg production in August was the largest for the month since 1931, reports the U. S. Agricultural Marketing Service.

Green Wave Eleven To Engage Hertford High That Afternoon

Special Pre-Game Program Arranged For Great Coach

Event Will Begin in the High School Auditorium At 12:45 o'Clock

Williamston High School will join the many schools throughout the nation in dedicating their game this Friday to the memory of football's greatest teacher and inspirational leader, Knute Rockne. The opponent for the special occasion will be the strong Hertford High eleven.

A number of the country's outstanding football coaches have organized the Knute Rockne Games Committee for the purpose of inviting every school in the nation to set aside one of their October games in memory of Knute Rockne. Some of these coaches who are offering their services free of charge for the worthy undertaking include:

Wallace Wade, of Duke University; Gus Dorais, University of Detroit, who was Rockne's roommate at Notre Dame; James Crowley, Fordham, one of Rockne's famous Four Horsemen; Alonza Stagg, College of the Pacific, football's "grand old man"; Captain W. H. Wood, Army; Harlow of Harvard; Bible of Texas; Alexander of Georgia Tech, and Jones of Nebraska.

To many high school boys, Knute Rockne is only a name connected with football of a day long before they were able to participate in the sport. For many years our young high school gridders have been eager to know more about this man whose achievements in football and success in working with, and guiding young men, nowadays serve as an inspiration to both players and coaches.

Principal D. N. Hix and Coach Sam Edwards, with the cooperation of the Hertford High School football coach and team, are planning to work out a short program on the life and work of Knute Rockne that will enlighten the minds of the students of Williamston High School on the career of this great American. The program will be presented in the high school auditorium at 12:45. The president of the Williamston student body, Billie Mercer, will welcome the visitors and the president of their program.

Total supply of feed grains for 1940-41 is indicated at 113,000,000 tons, compared with 118,000,000 tons last year. But the number of livestock that consume feed grains will be about 4 per cent less than the number last year. This means that total supplies of feed grains per unit of livestock will be about the same as in 1939-40. Indications are that fewer cattle will be fed this fall and winter than last, that marketings of grain-fed cattle in the first half of 1941 will be smaller than in the like period of 1940.

Evidence accumulates that the number of sows farrowing this fall will be at least 12 per cent smaller than in 1939. The decrease may be even more, depending on the output of the corn crop. In any case, the total production of pigs in 1940 — spring crop and fall crop — will be sharply reduced from the 1939 production. Reports indicate also that fewer lambs will be fed this fall and winter than last.

Harnett Farms Sign Up For Rural Electric Line

More than 300 Harnett County farm families in Stewart's Creek, Lillington, and Upper Little River townships have paid application fees for a proposed rural electric line, says Assistant Farm Agent J. B. Gourlay.

October, 1940, offer for sale to the highest bidder for cash, at twelve o'clock noon, in front of the courthouse door in the town of Williamston, the following described real estate, to wit:

One lot in the town of Williamston adjoining the lands of Chas. H. Jenkins, R. A. Lloyd, and others, and

beginning at a stake on Washington Street and running 50 feet along said street and being 210 feet deep, said land being more fully described in deed from Wheeler Martin, commissioner, to William Stokes and wife, Hannah Stokes, recorded in Book D-3 at page 22.
This the 4th day of October, 1940.
CHAS. H. MANNING,
Commissioner.

NOTICE OF RE-SALE
North Carolina, Martin County. In The Superior Court.
County of Martin vs. Sylvia Rhodes and others.

Under and by virtue of an order of re-sale made by L. B. Wynne, Clerk of the Superior Court, in the above entitled proceeding, on the 5th day of October 1940, the undersigned will, on Monday, the 21st day of October, 1940, at twelve o'clock noon, in front of courthouse door in the town of Williamston, N. C., offer for sale to the highest bidder for cash the following described real estate, to wit:

Beginning at the corner of the first street at a post on the road or street to the river, thence North 31 1-2 West 36 poles to a stake, thence North 56 1-2 East 37 poles to a stake on the edge of the marsh, thence South 37 1-2 East 22 poles to the road leading to the river, thence South 72 West 17 poles to the beginning, and being the same land deeded to John Rhodes by John Watts in 1871, recorded in Book U at page 180.
This the 5th day of October, 1940.
WHEELER MARTIN,
CHAS. H. MANNING,
Commissioners.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
For Coughs, Chest Colds, Bronchitis

WILLIAMSTON, N. C.

T.C.U. VS. CAROLINA

The University of North Carolina grid team will take on its first inter-sectional opponent of its 1940 schedule Saturday afternoon in Chapel Hill, when the Tar Heels will meet Dutch Meyer's Texas Christian "Horned Frogs."

T. C. U. has been setting quite a pace in the Southwest Conference so far this season and is rated as one of the most improved teams in the nation.

The Tar Heels have as yet seemed unable to click as well as they were expected, and it is hoped that Coach Ray Wolf's lads will click against the Horned Frogs Saturday.

Farm Income Will Be Greater This Season Than Last

Agricultural Conditions Given in Review for Month of October

According to Bureau of Agricultural Economics, U. S. Department of Agriculture, agricultural employment increases this month, farm products move to market in volume, cash farm income rises. Government figures indicate that nearly 12,000,000 farm family workers and hired hands will be busy with Fall crops and livestock, that cash farm income this month and next may total close to \$2,000,000,000. Total farm production is a little smaller this year than last, but the Bureau of Agricultural Economics says that with carryovers the supply of food, feed and fibers is more than enough for domestic needs. Large quantities of farm products are available for export and domestic reserves.

Prices of farm products have been averaging higher this year than last, total cash farm income will be larger. Bureau of Agricultural Economics estimate for 1940 is \$8,900,000,000 from marketings and government payments. This is \$360,000,000 more than in 1939; it is the second largest in ten years.

The picking and husking of corn, underway in the Deep South, will expand soon all over the Corn-and-Hog belt. In the Plains country the seedbed is being prepared for winter grains. Government indication is that about the same acreage of wheat will be seeded for harvest in 1941 as in 1940. Meanwhile, the United States wheat supply estimate has been raised to 1,045,000,000 bushels for 1940-41. Domestic disappearance of wheat is expected to total 700,000,000 bushels during this period. This would make about 345,000,000 bushels available for export and for carry-over on July 1 next.

Store Will Be CLOSED SATURDAY

OCTOBER 12, 1940.

Until 6 P. M.

Our Store Will Be Closed Saturday Until 6 o'Clock To Observe Holiday.

MARGOLIS BROTHERS

Store Will Close Saturday

OCTOBER 12, UNTIL 5 P. M.

To Observe Holiday
