## HINTS FOR HOMEMAKERS

### JUNE—NATIONAL DAIRY MONTH

What is so rare as a day in June, Then if ever, come perfect days— And on it goes, and we know that besides beautiful and rare days, we remember June for a great many beautiful and delightful things—roses, June Brides, etc. But June also has another reason to be remembered. It is National Dairy Month. During this month we try especially hard to use dairy products as much as possible.

Milk is one of the most important foods because it contains essentials necessary for growth. It contains calcium and phosphorus to harden bones and build teeth as well as other minerals necessary for the body. It is an excellent source of Vitamin A and contains some of all vitamins. It is high in protein, which is necessary for body building. The cream content of milk furnishes us with fat.

The daily food requirements call for one quart of milk a day for each child and one pint a day for each adult. This does not all have to be drunk in a fluid form but may be used in cooking to make many delicious dishes.

For a children's party try the two following milk drinks:

#### Choco-Mint

2-3 cup crushed peppermint stick candy  
1 1-2 squares chocolate  
1 quart milk  
Pinch salt  
4 or 6 drops peppermint extract  
Melt crushed candy and chocolate in 1-4 cup milk. Stir until well blended. Add remaining milk. Beat peppermint extract and salt. Serve hot or cold topped with whipped cream.

#### Fruit and Honey Nectar

1 1-3 cups crushed banana  
1-3 cup orange juice  
6 tsp honey  
1-4 tsp almond extract  
1 quart milk  
Pinch salt

Put banana through sieve. Add fruit juice, honey, salt and almond flavoring. Mix well. When ready to serve add cold milk and beat with egg beater. Garnish with whipped cream. Serve immediately.

Baked custards are easy to make and delicious if served thoroughly chilled.

#### Basic Recipe

3 cups milk  
3 eggs  
1-2 cup sugar  
1-4 tsp salt  
1 tsp vanilla or few grains nutmeg, or both  
Beat eggs slightly. Add sugar and salt. Add slightly scalded milk and vanilla. Pour into buttered molds. Set in pan of water. Sprinkle with nutmeg. Bake 325° for 30 to 40 minutes.

#### Variations

Omit sugar, vanilla and nutmeg and add four sticks of peppermint candy crushed and dissolved in milk. Add 1-2 cup shredded coconut to basic recipe.  
Add 1-2 squares chocolate melted in hot milk to basic recipe.  
In place of white sugar add 1-2 to

## Adult Conference Is Held At Camp Leach

The Conference for Church School Teachers, Youth Leaders and Woman's Auxiliary members, held at Camp Leach, June 9th to 14th, was a decided success. Persons in residence during the whole conference numbered about 35, but people drove down each day from nearby towns, so that fully fifty persons benefitted by the excellent courses taught. Approximately 25 parishes were represented at the conferences.

The church school courses, taught by Miss Margaret Brett and the Rev. Jack R. Bountree, were very helpful to all who were privileged to attend them. Those interested in youth work were greatly benefitted through their contact with Miss Gladys Gaines, secretary to the Department of Religious Education of the Diocese of Virginia, and by the courses she taught. The program of the church was taught by Mrs. W. O. Sutherland, president of the convocation of Wilmington. Mrs. Henry J. MacMillan, member of the Woman's Auxiliary Executive Board and of the National Council of the Church, taught the place of the Woman's Auxiliary in the life of the church. Each night the Rev. W. Tate Young lectured on Worship.

With such a splendid course of study it is no wonder that each person felt that the conference had been of great benefit spiritually and in-
