### Nazis Are Meeting Strong Resistance In Drive On Russia

(Continued from page one)

and one enemy plane was forced down by our fighters upon an air-drome near Minsk.

During the 22nd and the 23rd of June, Soviet troops took prisoners numbering about 5,000 German officers and men. According to more precise data, during the 22nd of June, altogether about 76 enemy planes were brought down instead of the 65 mentioned in the communique of the high command of the Red Army for the 22nd of June.

Moscow, June 23—Workers and peasants all over Russia were reported today to be pledging themselves to multiply their output, shoulder arms and defend the country to the last man against the Germans, whom the high command said had been beaten back with heavy losses almost everywhere.

"Let the Nazi bandits know that the Soviet people never will allow a dirty Fascist heel to trample the sacred Russian soil," was a slogan typical of the many battle cries springing up in mass meetings everywhere.

An official manifesto said 200,000,000 people of the Soviet Union, "arising in an invincible force" were rallying to strike a crushing blow for the Fatherland.

Late reports from the Russo-German front declare that the Russians are fighting bitterly, that branches of the Russian forces had launched blitzkriegs of their own, and that Germany was now tasting some of the medicine it has been pouring out for others. German claims that she continues to advance, that Russian supply lines had been bombed and badly damaged.

A closer collaboration in prosecuting the war against Germany is being rapidly advanced by the British and Russia. A special group is traveling to Russia from England now to formulate plans.

Turkey and Finland today assured Britain of their neutrality.

Japan has delayed, temporarily at least, a decision on its future policies pending the outcome of the Russo-German war.

The drive in Syria is being speeded up, and little is being heard from the battle of the Atlantic as Russia claims the spotlight.

North Carolina's Bob Reynolds, the same guy who predicted there would be no war in Europe just a few days before it broke out, proudly pointed out that he was certain Germany will defeat Russia within a month.

### Next Four Months 'Hay-making Time'

During the next four months the major portion of the hay crop in North Carolina will be harvested. The production of hay has increased remarkably in recent years. During the period from 1929 through 1938, North Carolina produced an average of 720,000 tons of hay annually. Last year more than a million tons of hay were harvested.

John A. Arey, extension dairy specialist of N. C. State College, says a large part of the hay produced in North Carolina is medium to low in feed value.

"Good quality hay," Arey declared, "is expressed by leafiness, fine stems, good aroma, a distinct green color, and a low percentage of foreign matter, such as weeds and stubble. Barring weather conditions, the farmer can largely control all these factors through methods of production and handling."

### THE LOST COLONY OPENS AT MANTEO, JULY 3

Acclaimed as America's No. 1 Vacation Pilgrimage, Paul Green's historical and patriotic drama of the first pioneers, "The Lost Colony," opens its fifth summer season at Manteo, N. C., July 3rd, as the highlight of the 354th anniversary celebration of the founding of the Roanoke Island colonies and the birth of Virginia Dare. More than 325,000 persons from all parts of the world have seen the drama, a non-commercial venture, since it was first presented here at the Birthplace of the Nation. Above are three scenes from the play: top left, Eleanor Dare and John Borden in a tense scene; top right, Old Tom, the comic, marks the return of Don Somers, most popular actor in this role; and below, the March into the Wilderness, which closes the drama on a note of mystery: What happened to the Lost Colony? It will be presented nightly except Mondays and Tuesdays through Labor Day, September 1st.

### Guarding Christ's Birthplace

The Church of the Nativity in Bethlehem, built over the site of the stable in which Christ, the Prince of Peace, was born, has been converted into a near-fortress by the British as a result of the war in the Holy Land.

cent between mid-April and mid-May, making an increase in living costs of moderate-income families of 2.4 per cent since June, 1940, and 4.4 per cent since August, 1939, with food costs more than 5 per cent higher than a year ago and 9 per cent higher than two years ago.

#### Agriculture

Agriculture Secretary Wickard issued a statement that "to date we have been able to buy only half the amount of cheese we wanted by the end of June (for lend-lease activities) and less than two-thirds of the amount of evaporated milk. The output has increased but we need more." Mr. Wickard said increased prices for milk going into cheese and evaporated milk, supported by Government purchases, should yield farmers a higher return than any other dairy product.

Speaking at Syracuse, N. Y., Mr. Wickard said the food situation in Europe is such that if the war continues for a long time the issue may finally be "who can feed the people, the democracies or the dictators." Therefore food reserves may be more important than munitions reserves.

#### Oil

President Roosevelt placed all petroleum products under export licensing control. Defense Petroleum Coordinator Ickes, working to overcome the shortage of oil on the East Coast due to shortage of transport facilities, requested oil shippers not to sell petroleum products for foreign shipment without consultation with him. He also ordered Customs officials to halt the shipment of 240,000 gallons of oil from Philadelphia to Japan in order to conserve oil in that area.

The Maritime Commission announced no American owned or controlled tankers are carrying oil to Germany, Italy or Japan. Price and Civilian Supply Administrator Henderson asked petroleum refiners not to raise prices without prior consultation with his office.

The Census Bureau reported that if the 30,000,000 American motorists would reduce their driving speed 20 per cent, the annual saving in gasoline consumption would amount to 4,600,000,000 gallons.

#### Air

Assistant Secretary of War Lovett, in a radio address, said "within a year we shall be geared to turn out 30,000 planes a year for as long as the emergency lasts." Mr. Lovett said the Air Corps is increasing the number of pilots in training from 12,000 to 30,000 a year and the number of mechanics from 45,000 to more than 100,000. He said the Air Corps is already nearly one-fourth of the

Mrs. Sally Twyford, 41, all events winner at the Women's International Bowling Congress in Los Angeles, may not look it but back home in Aurora, Ill., she call her grandma. She rolled 540 with her team, 623 in doubles and 638 in singles.

Miss Edna Barnhill has returned from a week's stay in New York City.

Mrs. Joe Godard returned yesterday from Greensboro where she spent several days with her brother, Mr. Jack Hunter, and Mrs. Hunter.

Mrs. C. B. Siccliff and son, C. B., Jr., Mr. J. D. Thrower and son, J. D., Jr. visited Mrs. Thrower in a Durham hospital yesterday where she is getting along as well as could be expected following a major operation performed Monday morning.

Messrs. Ed Williams and James Kazan, of Charlotte, were the guests of Mr. and Mrs. C. B. Siccliff here last week-end.

Miss Norma Hardy spent last week-end in Everetts with her parents, Mr. and Mrs. Harry Hardy. She had as her guest, Miss Jo Lee, of Selma.

Mr. J. E. Hedrick, of Jamesville, entered a Durham hospital last Saturday for treatment.

Mr. Marvin Britton left Sunday for Richmond for medical treatment.

The War Department announced trainees will be permitted to volunteer as parachute troops. Heretofore only Regular Army soldiers were chosen. The Department authorized construction of field houses at 25 Army posts to provide facilities for basketball, boxing and wrestling, and other indoor sports. Each field house will accommodate between 2,750 and 3,750 spectators and cost approximately \$77,000 each.

### THE RECORD SPEAKS . . .

The automobile accident records for 1940 and 1941 in Martin County are running so close together that they are to be classed as unusual, to say the least, credit for property damage. But it is safe to say that the record can be bettered very easily by exercising just a little more care and awakening from our driving slumber. It is reasonable to believe that people are not so mean that they will burn their glaring headlights when they are meeting another car. But they do just that and are asleep to so many other driving traits that our carelessness is making travel really dangerous when it should not be. Look at the record:

The following tabulations offer a comparison of the accident trend: first, by corresponding weeks in this year and last and for each year to the present time.

25th Week Comparison			
Year	Accidents	Inj'd	Killed Dam'ge
1941	3	5	0 \$ 975
1940	3	3	0 25

Comparison To Date			
Year	Accidents	Inj'd	Killed Dam'ge
1941	46	36	2 \$16,000
1940	49	35	2 6,005

#### HEARN-ETHERIDGE

The marriage of Miss Naomi Johnson Etheridge and Mr. Glenn Hearn was solemnized Thursday evening, June 19th, at eight o'clock at the home of the bride's aunt and uncle, Mr. and Mrs. William A. Prause, 641 B. Rutledge Avenue, Charleston, S. C. The Rev. William R. Pettigrew, pastor of the Citadel Square Baptist Church, officiated.

An improvised altar was created with southern spinnax, palms, and floor baskets of white gladioli, with tall cathedral candles on either side.

Prior to the ceremony, Mrs. John B. Daywalt played "Serenade," by Schubert, and "Trauerliche" by Schumann. Mrs. Harvey Ferguson, soloist, sang, "Because" and "I Love You Truly." The Bridal Chorus from Lohengrin was used for the processional and Mendelssohn's Wedding March for the recessional.

The bride had as her maid of honor and only attendant, Miss Inez Quarterman, who wore a street length dress of white Fasane with white accessories. Her shoulder corsage was of pink roses.

The bride entered with her uncle, Mr. William A. Prause, who gave her in marriage. She wore a blue dress of Fasane with matching hat made in halo effect with blue veil. Her shoulder corsage was of white mixed flowers. She carried a white prayer book, which was a gift from the maid-of-honor.

The bridegroom had as his best man, Mr. Allen Ellomao.

Mrs. Hearn is the eldest daughter of Mr. Hyman Etheridge, of Oak City, and the late Mrs. Maggie Etheridge. She is a graduate of Oak City High School and attended Dickinson Secretarial School of Charleston. She is now employed at the Citizens and Southern National Bank.

Mr. Hearn is the son of Mrs. Lucy Hearn, of Greenwood, Arkansas, and the late Mr. Hearn. He holds a position at the Charleston Navy Yard.

Immediately after the ceremony the guests were invited into the dining room where an informal reception was held.

The bride's table was covered with a lace cloth, centered with a triple-tiered wedding cake, flanked with white tapers in crystal holders. Presiding at the punch bowls were Misses Doris Dudley and Harriett Frompton. Assisting in serving dainty sandwiches, mints, nuts and wedding cake were Misses Bernice Monroe, Hallie Vye Paddon, Mrs. Jim Rawls, Mrs. Joseph Moyo, Mrs. Elmo Ferguson and Mrs. Ernest Etheridge. Miss Ella Earl Mitchell presided at the bride's book.

During the evening the couple left for a wedding trip to Florida, after which they will reside at 341 Sumter

### Governor Proclaims Draft Registration In North Carolina

employees who are required to register to be released from work on registration day for a sufficient length of time to enable them to discharge their duty of registering. And I call upon all State, County and Municipal agencies to cooperate in this regard.

The people of North Carolina have responded nobly to every call for service heretofore made upon them. We take pride in the fact that this State has been singularly free of recalcitrance, malingering and subversive activities. More than 450,000 of our young men marched up to the places set apart for registration and registered on October 16, 1940, with hardly a murmur of dissatisfaction or complaint. I feel that those who are required to register on this second registration day will do so in the same spirit and good will. North Carolina has never failed to do her full duty in any crisis and will not fail now.
