Williamston, North Carolina

You Are Sincerely Invited

We cannot predict the future. Have no intentions of trying for it is beyond our power to say whether tobacco will sell high or low. However, we do say, and with all sincerity, that we will sell tobacco as high as any market or warehouse in the State. We will operate both the Farmers and Planters Warehouses in Williamston which will enable us to give our customers and friends a sale practically each day. We invite you and your friends to sell with us and we promise to do everything humanly possible to please everyone.
