"Tomorrow's" Highways needed NOW!

Where traffic and economic surveys show the need, divided lane construction like this is being built in many states today.

... Build them with safe, money-saving **CONCRETE**

MODERN pavements are urgently needed NOW on over-crowded main highways! Reconstruction or widening with concrete to present day standards will reduce congestion and driving time—cut down the accident rate—save vast sums in maintenance—in-

sure community progress.

Why You're Safer on Concrete

Concrete provides an even, dependable surface, sure traction rain or shine, utmost visibility at night—qualities vital to the protection of you and your family while on the road.

Insist that your highways be built of Concrete.

A Confederate Ram, Constructed in N. C., Engaged Seven Federal Gunboats, May 5th, 1864.

"Stand to your guns; and if we must sink, let us go down like brave men." These were the words of Captain James W. Cooke, spoken in a firm calm voice during a Civil War battle.

He commanded the Confederate ironclad ram, Albemarle, which Gilbert Elliott constructed below Halifax, at Edward's ferry on Roanoke River. It was surrounded by a federal squadron of seven well-armed gunboats. Her smokestack had been riddled; iron plates in her shield had been broken; and the after-gun had been rendered useless. The destructive firing continued until late in the afternoon. Then came the attack that brought forward the undismayed captain's command, which checked the incipient disorder. Some of the crew had been excited, fearing the ram was sinking.

The crash that caused the trouble was an attack from the federal gunboat, Sassacus. The commander of this gunboat selected his opportunity and with all steam on struck Captain Cooke's Albemarle squarely abaft her starboard beam. The impact was so great it forced the after deck of the ram several feet below the surface of the water.

The battered boat soon regained its poise, and fired a shot through its assailant's boiler. The escaping steam disabled several members of the crew.

Every effort failed, when the federal fleet tried to strike a fatal blow against the confederate ironclad ram. Night's shadows ended the day's combat, but Captain Cooke's Albemarle was handicapped by the loss of its smokestack. The capacity for drawing had been lost, and the boat had no steam to furnish power to return to Plymouth. It lay a helpless mass until the resourceful Cooke used his supply of lard and bacon for fuel. Fats burn without the aid of a good smokestack. By using these supplies gathered in Halifax and Martin counties, he was able to make sufficient steam to run against the current of the Roanoke. When the ironclad Albemarle, constructed in North Carolina waters, tied up to her wharf in Plymouth, it was covered with wounds and with glory.

In her different engagements, the Albemarle was struck a great many times by shot and shell. The upper section of the smokestack had one hundred and fourteen holes torn in it, yet only one member of its crew lost his life. An imprudent sailor was killed by a pistol shot. He had put his head out of one of the portholes to see what was happening.

Section 1. Pursuant to the Municipal Finance Act, 1921, as amended, bonds of the Town of Williamston of the maximum aggregate amount of \$82,500 shall be issued for the purpose of refunding a like principal amount of valid existing debt of said Town incurred for necessary expenses and evidenced by outstanding bonds dated November 1, 1935, and maturing November 1, 1952, which are redeemable prior to their maturity at the option of the Town at their face value on any interest payment date and which are described as follows: \$18,000 General Refunding Bonds bearing interest at the rate of 6 per cent. per annum and consisting of 6- bonds of \$1000 each numbered 1, 2, 4, 5, 7, and 8, and 24-bonds of \$500 each numbered 3, 6, 9 to 29, inclusive, and 32; \$27,000 Water and Electric Light Refunding Bonds bearing interest at the rate of 6 per cent per annum and consisting of 27- bonds of \$1000 each numbered 1 to 27, inclusive; \$37,500 Street Improvement Refunding Bonds bearing interest at the rate of 6 per cent per annum and consisting of 35- bonds of \$1000 each numbered 1, 2, 4 to 8, 10 to 18, 20 to 28 and 30 to 39, all inclusive, and 5- bonds of \$500

each numbered 3, 9, 19, 29 and 40.

Section 2. That a tax sufficient to pay the principal and interest of the bonds herein authorized shall be annually levied and collected.

Section 3. That a statement of debt of the Town has been filed with the clerk and is open to public inspection.

Section 4. That the holders of the bonds herein authorized shall be subrogated to all the rights and powers of the holders of the indebtedness refunded thereby.

Section 5. That this ordinance shall take effect upon its passage and shall not be submitted to the voters.

The foregoing ordinance was passed on the 1st day of September, 1941, and was first published on the 5th day of September, 1941.

Any action or proceeding questioning the validity of said ordinance must be commenced within thirty days after its first publication.

G. H. HARRISON,
Town Clerk.

NOTICE OF SALE OF BONDS \$82,500

Town of Williamston, North Carolina REFUNDING BONDS

Sealed bids will be received until 11 o'clock A.M., E.S.T., September 23, 1941, by the undersigned at its office in the city of Raleigh, N. C., for the following bonds of the Town of Williamston, North Carolina, dated October 1, 1941, and maturing on April 1st in the years hereinafter stated, without option of prior payment:

\$55,500 Street Improvement and General Refunding Bonds, maturing annually, \$2500 1958, \$3000 1959, \$5,000 1960 and \$9000 1961 to 1965, inclusive.

\$27,000 Water and Electric Light Refunding Bonds, maturing annually, \$1000 1958, \$2000 1959 and \$4000 1960 to 1965, inclusive.

Denomination \$1000, excepting one

bond of \$500; principal and interest (A & O 1) payable in lawful money in New York City; coupon bonds registerable as to principal only; general obligations; unlimited tax; delivery at place of purchaser's choice. There will be no auction.

A separate bid for each issue (not less than par and accrued interest) is required. Bidders are requested to name the interest rate or rates, not exceeding 6 per cent in multiples of 1/4 of 1 per cent; each bid may name one rate for part of the bonds of either issue (having the earliest maturities) and another rate for the balance, but no bid may name more than two rates for either issue, and each bidder must specify in his bid the amount of bonds of each rate. The bonds will be awarded to the bidder offering to purchase the bonds at the lowest interest cost to the Town, such cost to be determined by deducting the total amount of the premium bid from the aggregate amount of interest upon all of the bonds until their respective maturi-

ties.

Bids must be enclosed in a sealed envelope marked "Proposal for Bonds" and be accompanied by a certified check upon an incorporated bank or trust company, payable unconditionally to the order of the State Treasurer of North Carolina for \$1650. The right to reject all bids is reserved. The approving opinion of Messrs. Storey, Thorndike, Palmer & Dodge, Boston, Mass., will be furnished the purchaser.

In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be taxable by the terms of any Federal income tax law, the successful bidder may, at his election, be relieved of his obligations under the contract to purchase the bonds, and in such case the deposit accompanying his bid will be returned.

Will he be one of the 4 of 10 in his college?

I. E. S. Lamps help protect his eyes through the years

LADIES and gentlemen, meet a grand little man! He may be your boy. Or mine. He may be President in 1978.

First, we certainly want to send him to college if circumstances and finances permit. We want to protect his health and his vision. Through the years... grammar school and high school days ahead

... we want to protect him from eyestrain.

Surveys show that 40 of every 100 college students have defective vision and the most deplorable part of this fact is that much of this could have been prevented by the helpful protection of I. E. S. Triple Certified Better Light-Better Sight Lamps.

While we are protecting his eyes, why not try these Better Light-Better Sight Lamps yourself. Millions of them have been sold during the past six years, and there is an I. E. S. Lamp to fit every budget or income. Always look for the familiar orange and blue I. E. S. tag when you buy portable lamps.
