IF THROAT IS SORE

IF A COLD has given you a miserable sore throat, here's how to relieve the suffering.
DO THIS NOW—Melt a small lump of VapoRub on your tongue and feel the comforting medication slowly trickle down your throat—bathing the irritated membranes—bringing blessed relief where you want it, when you want it.
DO THIS TONIGHT—Rub throat, chest with VapoRub. Its long continued, poultice-and-vapor action loosens phlegm, relieves irritation, eases coughing, invites restful sleep.

Lend A Hand To Scouting

Reprint from The Chicago Daily News, March 1, 1936

In preparing for the finance campaign to promote and maintain Scouting locally, Ray Goodman, general campaign chairman, today asked the citizens of Martin County to "lend a hand to Scouting and lift our boys to better citizenship through Scouting." He also stated that "to invest in boyhood is to build manhood."

Mr. Goodman went on to further state that "No money or time I invest pays larger dividends or brings me greater satisfaction, than the

money and time I invest in Scouting. There is nothing more worthwhile in any community than its boy life. Statisticians tell us that the economic value of a boy at 18 years is \$40,000. Scouting is protecting and insuring that investment."

The local campaign for funds will open next Monday morning, October 20th. Many busy volunteer citizens will call on every citizen to give all an opportunity to invest in the future of this nation through its youth. Greet these busy men kindly and generously.
