

Rocky Mount B Team Conquers Green Wave

Local Gridders Lose 13-7 Decision There In Hard-Fought Tilt

Sullivan Passes To Cunningham for Williamston's Lone Touchdown

Rocky Mount's B team stopped the local Green Wave with a 13-7 victory at Rocky Mount last Thursday. The winners scored in the second and fourth periods to stay in the lead as Williamston tallied in the closing minutes on a pass from Sullivan to Cunningham that netted 15 yards. Rocky Mount also had the edge in the number of first downs with a total of 12 against 7 for the locals.

First Quarter
Williamston opened with a kick-off to the 20-yard marker but Rocky Mount was forced to punt on third down after no gain on the first two plays. Sullivan punted back on his third down from the 30, after two line plays had failed to advance the ball. The opponents tried one play and attempted a pass before they kicked again to the Green Wave 25 yard line. Critcher carried the ball three yards and Sullivan plunged over-tackle for 6 more but Critcher failed to gain a first down on the next play forcing Sullivan to kick. Again Rocky Mount failed to advance and Bray kicked to Sullivan on his own 35. The punting duel continued between Sullivan and Bray as the former got off a poor kick to midfield. The B's broke loose with a 46-yard pass from Bray to Andrews to set the ball just six yards from pay dirt as the first period ended.

Second Quarter
On the opening play of the second period Rocky Mount pushed over for their first tally but failed to convert on a pass. Williamston received the kick-off which Lilley advanced to the 30-yard line. On the third down Captain Jack Sullivan sucked the opponents' ends in on a fake punt to race around his own left end for 20 yards. But the Green Wave's forward march was stopped here on the next series of downs, and Sullivan punted to Bray on his 35. On the first play Patterson pitched a short pass to Andrews who ran 52 yards before being chased down by a safety man. The Wave made a brilliant goal line stand to stop a second score, and punted out of danger. The half ended with Rocky Mount B leading 6 to 0.

Third Quarter
Rocky Mount opened with the kick-off to Williamston in the second half, but Sullivan was forced to punt after no gain on the first two plays. The B's tallied two first downs to push over the midfield stripe but the drive was stopped when Fred Hardison covered Andrew's fumble after a hard tackle by Critcher.

Wynne tried two passes that fell incomplete and then pushed over tackle for six yards, but the locals lost the ball on downs when a pass to Cunningham failed to gain the necessary yardage. Rocky Mount then unleashed a ground attack with Patterson doing most of the running to put the ball on the 5-yard line as the third period ended.

Fourth Quarter
The B's needed only two plays in the opening of the final period to tally their second touchdown: a completed pass made the extra point to put the score 13-0.

The Green Wave then took to the air with passes to Getsinger and Lilley to tally a first down, but again the Wave was stopped and forced to punt. In the closing minutes Rocky Mount made a bad punt that gave Williamston the ball on the 15-yard marker. A pass from Sullivan to Getsinger was batted down in the end zone, but on the next play Captain Jack pitched to Cunningham who went over from the 10 after shaking-off two tacklers. A pass to Getsinger made the conversion good to complete the 13-7 score. Rocky Mount had time to run only three plays before the final whistle blew.

Outstanding for the Green Wave was Sullivan, Getsinger and Cunningham on offense; Lilley, Griffin and Billy Peele were the stars on defense. Bray and Patterson gained the

LAST GAME

Williamston High's Green Wave eleven will close its football season this Friday against Vanceboro at Vanceboro. The local kids will be out gunning for a final victory to play 500 ball for the season. So far the Wave has won three and lost four, but hopes are high to even the count on Friday.

Things To Watch For In The Future

Pencils with plastic eraser-holders (du Pont estimates such a switch will release some 150,000 pounds of metal, mostly brass, for defense uses) . . . A new kind of glossy-finish wall-board especially for kitchens and bathrooms because of resistance to steam and water . . . a gas-fired air conditioner for small homes—as a warmer in winter and a cooler in summer—using a system which entirely eliminates need for pumps, valves or other moving parts . . . larger-size food packages, both in the cardboard and the tin can fields—“family-size” packages are due as an economy step, and also in interests of conserving tin plate and fiber board.

Methods Farmer Can Use To Conserve Woodlands

There are any number of things a farmer can do to help protect the State's timber resources. For fuel wood, he should not cut trees of saw-timber size and quality, but trees that are crippled, diseased or otherwise defective. Then, too, he should thin overcrowded stands of young trees; he should maintain a growing stand by harvesting timber selectively; he should utilize all trees cut; he should prevent forest erosion; he should reforest idle or eroded land.

yardage for Rocky Mount with the entire line looking good on defense.
