In Robersonville Tuesday

Mrs. John Rodgerson visited her daughter, Mrs. Clinton House, in Robersonville Tuesday.

CHEST COLD MISERY

FIRST—rub throat, chest, and back with Vicks VapoRub at bedtime.
THEN—spread a thick layer of VapoRub on the chest and cover with a warm cloth.
RIGHT AWAY, VapoRub goes to work—loosens phlegm—eases muscular soreness or tightness—helps clear upper air passages—relieves coughing. Brings wonderful comfort and invites restful sleep.

For Every Date The Styles That Rate

are Swansdown

As seen in MADEMOISELLE

Want to look pretty? Have to be practical? Then consider these heaven-sent styles from Swansdown. The wide-armed coat with its tiny waistline and the two-piece suit are both day and date time fashions that are made to order for this busy spring.

The Coat—Luxury textured casual all-wool monotone
The Suit in a firm textured wool-crepe

Visit Here Yesterday

Messes. J. C. Smith and Harvey Roberson, of Robersonville, were visitors here yesterday.

Local Boy's Play To Be Staged Here For Woman's Club

"The Creed," Warren Pope's one-act play which won second place in a state-wide contest conducted by the Carolina Dramatic Association, will be presented before the Woman's Club meeting in the local high school auditorium next Wednesday afternoon at 3:30 o'clock. Directed by Miss Doris Leach of the high school faculty, the play tells of a mother's determined fight for the health of her crippled child and requires about 25 minutes for presentation.

Evelyn Griffin, Billy Peele, Ronald Levin, Billie Waters and Julia Clyde Waters comprise the cast of the play, which is being published at Chapel Hill for production during the spring campaign for aid to crippled children.

Warren Pope, local student and youthful author, deserves much credit for winning second place in a state-wide contest open to both adults and students. C. R. Sumner, of Asheville, newspaper man and professional playwright, won first place.

The education department of the Woman's Club is arranging the program which is being transferred to the high school to provide the necessary stage properties. The program will also include a brief discussion by Jack Butler of the first aid instruction now being offered in the Williamston high school.

The general public is invited to attend, and all members of the Woman's Club are especially urged to be present.

Happenings In The Farm Life School

Twenty-one names appear on the honor roll for the six weeks' period recently ended. All A's are required for a student's name to be placed on this roll in the high school, and a 90 average in the grammar school. The list is as follows:

First grade: Paul Wayne Harrington, Gerald Woodard, Wilbur Edwards, Henry Roberson.

Second grade: Joseph Carroll Griffin.

Third grade: Billie Griffin, Jean Carole Griffin, Franklin Hardison, Ruth Lilley.

Fourth grade: Janice Hardison, George Hardison.

Sixth grade: Mary Ola Lilley, Dorothy Perry.

Seventh grade: Mary Dean Hardison, Lessie Manning.

Eighth grade: Christine Lilley, Margaret Roberson.

Tenth grade: Hazel Hardison, Josephine Hardison, Nannie Margaret Roberson.

Eleventh grade: Martha Roberson.

Last Friday afternoon the third grade, under the direction of Miss Jones, was in charge of the assembly program.

Billie Griffin read the 100th Psalm and led in prayer.

The children then presented the play, "Hansel and Gretel," in three acts. The characters were as follows:

Father, Franklin Hardison; Mother, Leda Faye Manning; Hansel, John Lilley; Gretel, Jean Carole Griffin; Witch, Maggie Ann Williams; Gingerbread children, Ruth Lilley, Angeline Leggett, Jean Corey, Daisy Maude Lilley.

Between the first and second acts Ruth Lilley gave a reading, "In the Dark," by A. A. Milne. Between the last two acts the third grade rhythm band played two numbers, "America" and "Merry Widow Waltz."

Many of the children in the school are purchasing defense stamps. The children in Miss Cooke's room have bought a total of \$9.60, and Mrs. Manning's room, \$2.90.

The eighth grade civics class for some time has been collecting waste paper of all types and collapsible tubes for national defense. Each parent and child in the community is urged to contribute in this project.

An expanded physical education program has been introduced into our curriculum. A practical program for good health is being stressed throughout the school.

During the recent March of Dimes campaign our school donated a total of thirty dollars, a sum of which we are very proud. The Williamston high school band gave a concert in our auditorium as a climax to this drive. The concert was well attended, and the Williamston boys and girls rendered some very fine selections.

Mr. and Mrs. Hoyt Manning very delightfully entertained members of the faculty at dinner last Wednesday evening.

The Farm Life boys and girls suffered defeat in the gym last Friday night when the Bear Grass teams won both games by a two-point margin. The teams were equally matched, and Farm Life led in the scoring during a greater part of both performances.

Jamesville boys and girls won a twin bill from the local lads and lassies on Tuesday evening of this week in Jamesville. The superior Jamesville teams led throughout the contests.

PHILATHEAS TO MEET
The Senior Philathea Class of the Christian Church will meet with Mrs. John L. Goff, Friday night at 8 o'clock. Mrs. J. T. Edmondson is joint hostess for the meeting.

Visits in Newport News
Mrs. G. P. Hall spent Sunday in Newport News.

In Norfolk Wednesday
Mr. Eugene Whitehead was a business visitor in Norfolk Wednesday.

X-ray Twins at First Showing

Janet and Joanne Lally, twins of New York City, examine David Burpee's X-ray twin calendula at a showing at the Waldorf-Astoria in New York. The flowers, called Glowing Gold and Orange Fluffy by the noted Philadelphia hybridist, are the first flowers created by use of X-ray treatment which, according to Burpee, smashes the genes or breaks up the chromosomes in the seed so that the next generation "goes crazy."

Things To Watch For In The Future

Nylon, instead of silk, threads in dollar bills (though you won't be able to tell the difference)... Perfume made from coffee flowers, in lieu of that from flowery oils of southern France (not marketed yet, but a potential link in the South American good-neighborly way)... Electric eye control that turns lights on and off in schoolrooms to keep, automatically, an optimum, constant light intensity regardless of outdoor conditions... Synthetic caraway seed—in lieu of the imported product, an economical domestic replacement is oil seed, impregnated with caraway oil... Vari-colored fire hydrants—they have them in Fall River, Mass., not for civic beauty but to help the firemen, for the different colors indicate the water pressure available.

A battleship can deliver the hardest blow and take most punishment.

CARSTAIRS White Seal

86.8 Proof. 72% grain neutral spirits. Carstairs Bros. Distilling Co., Inc. BALTIMORE, MD.

Warm Water Will Help Egg Production In Winter

When it is realized that eggs are more than 65 per cent water, the necessity for plenty of water in the bird's diet can be seen. When water freezes or becomes too cold for the hens to drink, egg production will fall off. Providing the hen with warm water during freezing days will encourage her to drink amounts sufficient for good egg production. Keep 'em laying!

Spending Week-end Here

Mr. and Mrs. Robert Clement and Mrs. Barr, of Detroit, are spending the week-end here with Mr. and Mrs. K. B. Crawford.

Leave for New Orleans

Mrs. K. B. Crawford and Miss Mildred Purvis, and Mrs. J. E. Smith, of Windsor, leave Monday for New Orleans where they will visit Mrs. Smith's son, Harry Stubbs, Jr.

Happenings In The Oak City Schools

The agriculture boys moved into their new classrooms in the agriculture building on Monday morning, February 2nd. The home economics girls will move in the last of this week.

Dr. Marvin Evans started dental work in the school this week.

On Tuesday, February 3rd, Dr. E. E. Pittman has finished the physical examination of all high school students.

General physical education started Monday. General calisthenics and other types of exercise will be used. Sixty-minute periods will be used from 2:15 to 3:15 p. m.

The school has finished its drive for infantile paralysis. Although we didn't do as well as we have done before, a good contribution was made.

The ladies of this and surrounding communities are waiting on Mr. Stokes and Mrs. Ward, of Robersonville, for a date to organize a Red Cross sewing room here.

A first aid class is going to be organized in all high school classes. These will be held once a week.

On February 9th, the Tobacco Tags will be in the high school auditorium for the benefit of the grammar grade library.

ENTERTAINS CLUB

Mrs. Wheeler Manning entertained the Straight Eight bridge club on Tuesday night at her home on Watts Street. Decorations and tally cards carried out the Valentine motif.

When the final scores were counted, Mrs. Tom Rose was presented with the high score prize, and Mrs. Hoke Roberson received second high.

Later in the evening, the hostess served ice box pie, nuts, and coffee to the following guests and members: Mesdames Tom Rose, Hoke Roberson, Joseph Griffin, Edwin Trahey, Julian Harrell and Clyde Griffin, and Miss Marie Griffin.

Visits Here Wednesday

Congressman Herbert Bonner visited here a short while last Wednesday evening.

In Rocky Mount Yesterday

Mrs. N. C. Green, Mrs. John Tulloss and Mrs. C. A. Harrison visited in Rocky Mount yesterday.
