Dodgers	1	2	.333

SCHEDULE
 Friday, July 24th
 Braves vs. Dodgers
 Monday, July 27th
 Cardinals vs. Martins

Those hard-to-handle Cardinals smashed their way into undisputed possession of first place in the local softball loop Wednesday afternoon by trouncing the Braves 18-8 in the first game of the twin bill, while the Martins were losing in the night-cap.

The Cards used 14 hits and a number of Brave errors to run up the biggest score of the season and to win the most lop-sided game of the campaign.

After four innings of play the teams were deadlocked 6-all, but in the first of the fifth the Cards scored six times on four hits and four errors, as they sent 11 men to bat. They batted around again in the seventh for another half dozen runs on three hits, four more errors and an infield out. The Braves tallied once each in the sixth and seventh for their final runs.

While the Braves were falling apart at the seams, defensively, they pounded out 13 hits or only one less than the winners. Their hits were fairly evenly divided among several players, with Julian Harrell, proving that life must begin at 40, getting the biggest share. Harrell hit 3 singles in four times at bat, to increase his hold on the league batting title. Bill Spivey had a triple and single for three trips and so did Ham Price. Joe Griffin hit .500 with one for two. Saunders hit a home run.

For the winners, the top man in the box score, also the top man batting, was Roger Critcher, who had a walk and three hits in five times at bat for .750. James Manning, playing in his first game, hit two for three, and his successor in right field, Paul Bailey, hit safely once in two trips.

Mike the Jap-Killer

Here's one fellow who knows how to handle those Japs. He's Mike Warren, 8, of New York City and he's shown all ready for his own war on the little sons of Hirohito. He appeared on swank Park Avenue wearing a tin helmet and carrying an insect spray gun. After trying up traffic for a while Mike told policemen he wanted to join the navy. They finally persuaded him to wait a while before he went Jap killing. (Central Press)

Jack Manning Hurls Nine-Hit Ball For Near Shutout; Roberson Hits Hard

In the nightcap of Wednesday's doubleheader, the potent Dodgers won their first game of the season by almost blanking the Martins, taking a 6-1 win over Harcom's aggregation. Jack Manning, on the mound for his team, pitched well and scattered nine hits effectively enough to come within one run of a shutout.

The Dodgers were off to a fast start, scoring more than enough runs in the first to win, as Wobbleton, the first man up, drove out a terrific home run, and two more tallies counted on a base on balls, a stolen base, a single, another stolen base and an error.

The winners counted once in the second, once in the sixth and once in the seventh to account for their six runs, as they could not make the most of their 14 hits. The Martins escaped a shutout by scoring one in the sixth on Grimes' second single of the game, a single by Gene Kimball and Deacon Dillon Cobb's third safety.

The factor of age was very evident in this game, as the "doodle" Dodgers proved that youth cannot be denied, by the spirited manner in which they hustled in contrast to the somewhat lackadaisical way in which some of the losers performed. Pacing the winners at bat was Toots Roberson with three for four. He was followed by Willie Lassiter, Jack Manning and Dinky Cherry, with two for three each. H. Wynne had one for two.

Cobb had a perfect day at the plate for the losers, getting three for three, as did Co-captain Grimes, with two for two.

The box:

Battle-Line Beauty Shop

This picture from New Caledonia shows nurse Gertrude Morres of Carson City, Nev., having her hair washed in the good old fashioned way by Joan Douglas (left), of Philadelphia, Pa., and Adele Bandy, of Oshkosh, Wis. The girls hold second lieutenant's commissions in the Army. Besides hair washing the nurses wash their clothes and rough it as any soldier does under the circumstances.

Vitamin-Enriched Flour Proves Boon To Nation's Health

State Professor Praises Work Of Food Industries In Improving Diets

Vitamin-enriched bread and flour, now available without extra cost, is proving a boon to the nation's health, Prof. G. Howard Satterfield, State College nutrition specialist, declared recently.

"In the past 100 years many changes have taken place in the eating habits of the American people," commented Prof. Satterfield. "Of considerable importance nutritionally is the decrease in the consumption of whole grain products and a very marked increase in the use of sugar."

"Both of these have contributed materially to the low state of health and well-being due to an insufficiency of Vitamin B-1, the anti-pellagra (niacin) and that blood-building mineral, iron."

Prof. Satterfield pointed out that through the cooperation of leading nutritional and medical authorities with the milling and baking industries, enriched bread and flour containing these nutrients have been made available.

"This is an unselfish and philanthropic act on the part of two great food industries, since no profit is being charged on the enriching process," Prof. Satterfield said.

He explained that Vitamin B-1 stimulates the appetite and promotes growth in children and aids digestion and utilization of food. This vitamin is essential for the proper functioning of the nerves and is especially important to pregnant and nursing women.

"Without the inclusion of liberal quantities of whole grain products in the diet, it is exceedingly difficult to obtain a sufficient amount of Vitamin B-1, since common articles of diet contain very little. Enriched bread and flour contain liberal quantities," Prof. Satterfield said.

Niacin, also added to enriched day morning for treatment. Miss Mary has been a great sufferer; and her many friends wish her a speedy recovery. She was accompanied by her mother and Mr. W. H. Biggs.

Mr. J. D. Simpson was in town yesterday.

Mrs. J. H. Tucker is visiting in Greenville.

Mr. Floyd A. Hobbs is home from Berkeley, Va.

Boll Weevil Attacks Are Greater Than Usual

Reports from county agents and others in the principal cotton-growing counties indicate the greatest boll weevil numbers since 1939. Because of this situation, farmers are warned to make the necessary arrangements to dust their fields should the weevils invade in large numbers. Extension Circular No. 258, "Cotton Growing in North Carolina," gives detailed instructions for making boll weevil counts, as well as approved recommendations for dusting. A free copy may be secured from the Agricultural Editor, State College, Raleigh.

Mrs. Grace Swain and Miss Edith Stallings spent Tuesday in Norfolk.

bread and flour, not only prevents pellagra but is essential to the promotion of good health, growth and normal function of the skin.

While anemia may result from a number of diseased conditions that require the strict supervision of a good physician, it is well known that a type of nutritional anemia is induced by a diet low in iron, hence enriched flour and bread have added iron.

"It is not, therefore, surprising that leading authorities throughout the United States have joined in urging the people of America to demand enriched flour and bread, every package of which is labelled 'Enriched,'" stated Prof. Satterfield.

NOTICE OF SALE

North Carolina, Martin County.
 As provided for in Section 2638 of the Consolidated Statutes of North Carolina, notice is hereby given that the Town of Williamston will offer for sale at public auction to the highest bidder for cash at the Courthouse door in the Town of Williamston on Monday, July 27, 1942, the following described tracts of land in the Town of Williamston, to-wit:

Lot No. 1: Being Lot No. 16 in the Moore Field, adjoining Amy Purvis on the West fronting North Street 78.8 and running back to two parallel lines South 41-45 feet East to the depth of 130 feet, being the same land purchased from Williamston Land and Improvement Company by George Rice and Jane Rice of record in Book E-1, page 112 of the Martin

County Public Registry.
 Lot No. 2: Beginning 73 feet from Broad Street on a street at the corner of Lot No. 1, in Block B in the Moore Field plot, thence Eastwardly along the line of Lots 1 and 2 about 130 feet to Lot No. 4, thence Southwardly along Lot No. 4 to Jane Rice's back corner, thence along Jane Rice's corner about 130 feet to a street, thence along said street to the beginning, and being the same land purchased of H. M. Burras by George and Jane Rice.

PATRIOTIC "HOARDING"

Of course you CAN!

GIVE YOUR family "food security" next winter through "patriotic hoarding". Fill as many of your shelves as you can with delicious fruits and vegetables, home-canned in your own kitchen . . . probably from your own Victory Garden.

This kind of "hoarding" is patriotic! Regarding sugar, remember that

canned fruits call for much less sugar than do preserves. The OPA suggests that you can fruit without sweetening and add sweetening just before serving.

★ Tested recipes for canning and preserving with sugar substitutes are available — without charge — from our Home Economists.

You will fully appreciate the many advantages of Electric cookery . . . cool, clean, safe, economical . . . when you can!

VIRGINIA ELECTRIC AND POWER COMPANY
