

Town and Farm In Wartime

Less Points for "Farm Butter"
Some grades of "farm butter" may be reduced in point value to prevent waste or spoilage, as a result of an amendment to the meat-fats rationing regulations of OPA. "Farm butter" or "Country butter" usually is produced in small quantities by farmers and sold locally. Since it is not of uniform quality, it is considerably more perishable than commercially produced butter. The amendment empowers the OPA regional directors, when authorized by the Washington office, to deal with local emergency cases.

Overseas Parcel Post

Packages may now be mailed to a soldier overseas if a request is received from the soldier and the envelope bearing the APO cancellation mark is presented at the time of mailing. Formerly, the approval of the commanding officer was required. Current restrictions as to weight and size of packages remain in effect.

Farm Machinery Rationing

At their discretion, state war boards can now cancel county quotas on any or all types of farm machinery according to revised farm machinery rationing order issued by the War Food Administration. If a North Carolina board exercises this authority, farmers will be required to locate the machinery they want to buy before they are given a purchase certificate. Furthermore, county farm rationing committees may set the expiration date of purchase certificates any time between 10 and 60 days after issuance, or may cancel the certificate after the holder has had a reasonable time to buy the specified machinery.

Must Carry Draft Cards

Selective Service registrants who were 18 years old on or before November 13, 1942, must have their local board classification cards (Selective Service Form 57 as well as their registration certificate, Form 2), in their personal possession after May 13. Men without both cards are liable to fine and imprisonment, selective service headquarters warned.

Twine and Rope for '43 Harvest

North Carolina farmers can expect reasonable supplies of hay rope, binder twine, and other cordage for harvesting their 1943 crops, the war food administration has announced. However, farmers are warned to buy only what they actually need and to conserve supplies now on hand. Many substitute materials are being used and supplies will require more careful handling than in the past.

Gas for Furloughs

Members of the armed forces on leave or furlough for three days or more may get a special gasoline ration (up to five gallons) for personal errands when other means of transportation are not available. The

Seven Brothers In The Armed Forces

Seven was a magic number recently in Governor Broughton's office as he presented an emblem of honor in behalf of The Emblem of Honor Association, New York, to Mrs. Lewis G. Barnes, of Rocky Mount, who has seven sons in active service of her country and an eighth son preparing to enlist.

"We should honor every mother of a son in the service of his country," Broughton said, "but it is a privilege indeed to do honor to a mother who has seven there."

"I know that you are very proud of your sons, and let me assure you that I am proud of them and that the whole state is. It is such sacrifices as yours that make democracy great and assure all others who cherish it, that it will live."

"Yes, I am very proud of my boys," said Mrs. Barnes in a firm voice.

"I want you to tell them for me," resumed the governor, "that I want to see them when they come home. I have two sons in the service myself, and I know how you sometimes sense the danger, but that also

ration is obtained by presenting pass, leave or furlough papers to a rationing board.

Hearings on Gas Rations

New rules permit local war price and rationing boards to conduct hearings to revoke gasoline rations, if—(1) The motorist is charged with speeding (driving over 35 miles an hour); (2) The motorist is charged with abuse of his tires; (3) an applicant for a new gasoline ration is believed to have committed a previous violation; (4) a ration holder charged with a violation demands return of his book before a written notice of hearing can be sent him.

is part of our way of life." Among those who accompanied Mrs. Barnes to Raleigh for the presentation were Mrs. Lilly Barnes, her sister, and Mrs. Thomas Avera, of Rocky Mount.

Mr. Barnes is employed in a flour mill, and is contributing his share to the war effort by the food route, said Mrs. Barnes.

Names and stations of the Barnes sons follow:

- Staff Sgt. Lanney B. Barnes, U. S. Army, Medical Corps, Puerto Rico.
- Egt. Elwood L. Barnes, U. S. Army, Ordnance, New Guinea.
- Corp. Horace M. Barnes, U. S. Army, Infantry, Panama.
- Thurmond S. Barnes, Fireman 2-c, U. S. Naval Reserve, Construction Bn., Alaska.
- Cecil W. Barnes, Carpenter Mate 3-c, U. S. Naval Reserve, Construction Bn., Alaska.
- Corp. Fernie E. Barnes, U. S. Army, Service Company, Kentucky.
- Sheet Metal Worker, Pearl Harbor.

Poultry

On account of the feed shortage, Prof. Roy S. Dearstyne, of N. C. State College, urges that laying flocks be culled closely.

Local Happenings In The Enterprise Forty Years Ago

Keith & Edwin have sold their stock to S. R. Clary and Co. Boys, now is the time to get a picture of your best girl, Wilson, at the tent on Main Street.

Town Commissioners—there are some very odd nose odors being wafted from the back lots.

The bulls of this town are nuisances and the lives of women and children are in danger. It is the duty of the Commissioners to see that the bulls are kept off the streets. It is bad enough to have to put up with the cows running at large.

The name of the Morgan Warehouse has been changed to "The Dixie," and Messrs. W. T. Meadows and W. M. York will hold forth under the firm name of Meadows and York. This is a strong company, thoroughly posted on tobacco, in every particular, and will surely win the confidence of the farmers.

At the meeting of the Town Commissioners Monday night it was decided to improve Main Street. The Clerk was instructed to write to Washington and ascertain whether or not their street scraper could be rented for a month or more. George W. Newell was appointed City Attorney, and he is now busy getting up new ordinances.

The following ladies and gentlemen attended preaching at Bear Grass last Sunday: Misses Ludie Griffin, Hattie Harrell, Emma Pultz, Addie Manning, Mr. and Mrs. T. F. Harrison, and Messrs. Theodore Robertson, George Gurganus, Henry Gurkin, Willie Williams, L. B. Harrison, Reddick Robertson and Dr. J. B. H. Knight.

Miss Lilla Whitley, who has been attending the Oxford Seminary, returned home Tuesday evening.

John Hassell, who has been employed on the Weekly News, of Robersonville, has accepted a position in this office.

Mr. and Mrs. N. S. Peel left Saturday morning to attend the Confederate reunion at New Orleans.

Mr. and Mrs. O. K. Cowing returned to the city Wednesday and are stopping at the Roanoke.

Mrs. E. M. Gordy and little daughter, Mary, are visiting her mother, Mrs. J. H. Tucker.

Best Method For Controlling Horn Worms On Tobacco

Spraying with arsenate of lead is the most satisfactory method of controlling horn worms on tobacco. It may also be applied as a dust but most tobacco growers prefer to apply it as a spray by means of a horse-drawn sprayer. The spray is composed of from two to four pounds of arsenate of lead to fifty gallons of water, which will spray about one acre. Sometimes it is necessary to make two or three applications.

Notice of Sale of Land For Taxes

I, M. L. Peel, Tax Collector for Martin County, State of North Carolina, have this day levied on the following tracts of land, and will sell same at public auction for cash at the Court House door in the Town of Williamston, North Carolina, on Monday, June 7, 1943, at 12:00 noon, for taxes due and unpaid for the year 1942 unless said taxes, penalty and m14-4t
