County Unit Will Entertain District Meeting Here Next March

The regular monthly meeting of the John Walton Hassell Post of the American Legion Auxiliary was held Saturday afternoon in the home of Mrs. John A. Ward with Mrs. Ward and Miss Clyde Hassell as joint hostesses. Eleven members answered the roll call.

The president, Mrs. W. O. Griffin, called the meeting to order and the preamble to the constitution and prayer were given in unison. The membership committee reported four additional members present and a total enrollment of 28 members.

A letter from the social worker at Oteen Hospital, Mrs. Claverie, was read, thanking the unit for three woolen coat sweaters sent to T. B. inmates.

The unit will entertain the District meeting in March, at which time the President, State Secretary and District President will be present.

The rummage sale committee reported that a sale had been held and that \$20.45 had been made by the sale of garments. The unit wishes to go on record as thanking Mrs. C. C. Fleming of Jamesville, who made a personal contribution to the unit for the rummage sale in the amount of \$5. Plans were made for another rummage sale in the near future. All members are to bring rummage to the home of Mrs. W. O. Griffin with the sale prices attached.

The unit will send greeting cards and five crisp one dollar bills to five veterans at Oteen and greeting cards and three crisp one dollar bills to three veterans at Fayetteville hospital. Different members will prepare and send gift boxes in the amount of \$2 each to five "buddies" at the Oteen Facility.

It is interesting to note the following in the letter from Mrs. Claverie, the social worker at the Oteen Hospital: "You may be interested to know that we have a Chinese patient on Ward B13. He is a very nice patient, and has a fine manner. He says he is going to get well, and he surely deserves to because he is cooperating very nicely with his ward surgeon and nurses. We have approximately 200 veterans of this war here at the hospital, and such a fine group of young men, (some are mere boys). We have a British sailor, a Royal Dutch Navy man, a Fighting Frenchman, and a Scotch sailor. Our allies are all well represented in this hospital. The little British sailor is just 17 years old. One of the patients told me the other day, 'our British friend is learning American.' I asked him just what he meant, and he laughed and said, 'he says, 'you all!''"
