It Makes You Feel Good

Martin County recently completed its United War Fund Drive. The quota was met, but sad to relate, the drive had about some of the darkest spots imaginable.

The contributions to the War Fund are in the national treasury. Martin County supporters of the recent drive are assured that their work was not in vain.

Pat O'Brien was there that night... I went to see him perform... the place was packed with American boys hungry for the sight of someone who had just arrived from home.

O'Brien stumbled into the wings of the theater and collapsed.

His face was drawn; he had lost twenty pounds since I'd seen him three weeks before in New York.

"He had been giving three and four shows a day and flying anywhere the Air Transport Command had asked him to go. I told him he'd better take a rest, and the Irishman laughed.

"These guys here don't get much time to rest," he said wearily. "Those guys at Guadalcanal didn't get much chance to rest, our men go out of one scrap into another and don't get much chance to rest do they?—What right have we civilians got to rest?—I'll give a show anywhere, any time, as long as even only two kids in uniform from back home ask for me!"

In Name Only

We say our Nation is a Christian one, that we are a religious people. It is not to be denied that religion is a powerful force in this country, but isn't it an actual fact that many, yes, a majority, are Christian in name only.

Less than half the people have their names on the church rolls. We spend far more for evil things and things directly opposed to religious principles and teachings than we give in support of the church, not to mention a rapidly increasing pleasure bill.

It would seem that Dr. Bennett in, "Christianity and Our World," sounds a timely warning when he says, "Unethical religion is far greater danger to religion than secularism. It is possible to be closer to God in seeking what God wills while denying his existence, than in defending an unjust order of things while praising him."

In other words those who profess to be Christians in name only are possibly further from God than those who do not profess to be Christians, but who pattern their lives after the teachings of the Christ.

Hurtful

Our apparent indifference to the war effort, our chiseling and selfishness are taking their toll in the hearts of mothers and others who have loved ones in the war. Little do we realize that our job rides, our spending spree and our misrepresentations are stinging the very hearts of those who have relatives in service and who are trying to carry on in every way possible that peace may come sooner.

The mother of a badly wounded son writes: "The people here, living in luxury, do not seem to realize a war is going on, that our boys are going through hardships. These things are very hurtful to me."

"Love one another, as I have loved you." No estrangement, no amulation, no deceit, enters into the heart that loves as Jesus loved. It is a false sense of love that, like the summer brook, soon gets dry.—Mary Baker Eddy.

Faith, like light, should always be simple and unbending; while love, like warmth, should beam forth on every side, and bend to every necessity of our brethren.—Martin Luther.

Speed of Black Bear Is 18 Miles Per Hour

How fast can a bear run? A 150-pound bear can run at least 18 miles an hour, according to J. L. Rea, Jr., resident superintendent of the N. C. Department of Agriculture Test Farm in Washington County.

Hit looks to me lak North Caliny's daughtly Doughton is about to misstep into one three bog-holes of South Caliny's Cotton Ed. Cotton Ed was a cusser frum way-back, when hit cum to argafyin that he couldnt make a mistake. He jest couldnt understand why, ef he was eternly right on sum things, he shouldnt be eternly right on all things So he jest couldnt be persuaded. And sum ther things he couldnt be persuaded on, is what got 'im on ther outs with ther majority rule of his own voters.

And now cum Mr Doughton and says he's a-backin ther "freeze" on Social Security tax. Now ef ther boys thats a-gittin frum one to two dollars a-aun, whar they uster git 50c to \$1 a day, and bizness-profits that clum frum 40 billion a year to 150 billion a year, cant be "indueed" to stand seven or per-cent of savins fer ther sake of old age security, then hits hi-time Govner Broughton was gittin ready to see sum uther Govner welcum summo W P A's, when ther fat stons fryin, and ther snow falls on ther heads of ther multitude.

And P. S.—Hit don't look so good to see that ther biggest backing Mr Doughton has got fer ther "freeze", is a solid frunt frum ther Republikin side. Ther boys back home hav just voted YES to sum Congress support to Mr Roosevelt.

PROFITABLE CROP Red cedar for Christmas trees is a profitable crop for idle land, reports R. W. Graeber, in charge of Extension forestry at State College.

SUNNY OCTOBER A sunny October aided U. S. hens in laying 7 per cent more eggs than in any like period in years. Milk production per cow was also larger.

HURRY MOTHER! Do This When Children Catch COLDS

Here's one modern easy way to promptly help relieve muscular soreness or tightness, coughing spasms, congestion and irritation in upper breathing passages... Rub Vicks VapoRub on throat, chest and back at bedtime. Results are so good because VapoRub...

PENETRATES to upper bronchial tubes with its special medicinal vapors. STIMULATES chest and back surfaces like a warming poultice.

VapoRub keeps on working for hours to bring welcome comfort. It invites restful sleep and often by morning most of the misery of the cold is gone. Remember, Mother... ONLY VAPORUB Gives You this special double action. It's time-tested, home-proved, the best-known home-remedy for relieving miseries of children's colds.

driving down the old swamp-lined Pungo Turnpike from Plymouth to Wenona. There was a large canal on either side of the road, and the bear did not want to go into the water, so he changed his pace from a jogging trot to a full loping gallop. At 18 miles an hour, said Rea, the bear saw it was the car or the water, and he chose the latter.

The high cost of living

The low price of electricity

LOOK at the cost of living—up 25.4% since 1939.\* Or would you rather not?

Then look at the cost of electricity—down 3.2% during the same period!† Feel better?

Of course, the reduction is a nationwide average, and partly due to increased usage, which earns lower rates. But it continues a long-time trend.

In fact, the average American family gets about twice as much electricity for its money today as it did 15 years ago!

\*See Nelson Eddy every Wednesday; in the new musical show, "The Electric Hour," with Robert Armstrong's Orchestra, 10:30 P.M., WMT, CBS network.

(So why isn't your bill cut in half? Because you have more electric servants now. Kilowatt-hours are cheaper—but you're using a lot more of 'em!)

Will you pardon us a moment while we point with pride to our wartime record? Production up—price down—no rationing—no shortages.

Thanks to far-sighted business management, every war plant making weapons has had plenty of electric power. And so will every peacetime factory making jobs!
