## IMPORTANT FACTS

OF VITAL INTEREST TO EVERY USER OF

# — COAL —

The supply of coal during the next 12 months will not be adequate to provide you with as much as you normally burn. Therefore, the Solid Fuels Administration for War has issued instructions prohibiting us from delivering coal to any consumer unless the consumer files with a dealer a

## Consumer Declaration

Your coal dealer is now supplied with the necessary form for filing this Declaration. The Declaration requires you to state, among other things, the number of rooms to be heated, your normal coal requirements, and the amount of coal you are ordering.

### Place Your Declaration and Order Now

Only unless you place your Declaration and your order for coal with your dealer is he required to deliver any coal to you.

Generally a dealer is prohibited from delivering, and the consumer is prohibited from receiving, during the period April 1, 1945, to March 31, 1946, more than 80 per cent of the consumer's normal annual requirements.

If you place your order and your Consumer Declaration with your dealer before May 15, you are entitled to get, before October 1, 30 per cent of your normal annual requirements if you are ready, willing, and able to take delivery of any usable solid fuel on terms agreeable to you and the dealer.

Generally a dealer is prohibited from delivering, and the consumer is prohibited from receiving, before September 1, 1945, more than 50 per cent of the consumer's normal annual requirements.

Your coal dealer recognizes the probabilities of unforeseen difficulties arising in carrying out these regulations. He, therefore, asks you to learn the facts — how they apply to you and how they apply to him. Your co-operation is essential.

### PENALTIES FOR MISREPRESENTATION

Any person making a false statement or representation in or on the back of this Consumer Declaration is subject to criminal prosecution and upon conviction is subject to a fine of not more than \$10,000 or 10 years' imprisonment, or both.

## YOU MUST GO TO THE OFFICE OF YOUR COAL DEALER TO FILL OUT YOUR DECLARATION . . .

The farmers who use coal for curing tobacco must secure in addition to the "consumer declaration" an application "form" from the "AAA." It is imperative that these forms be secured and filed with your local coal dealer immediately. These "forms" must be in your coal dealer's possession before he can order your coal for curing tobacco.

All fuel consisting of coal and wood will be sold strictly for cash when delivered. This action is necessary because of gas and labor shortages.
