Ration Holiday For Shoes During Month

Raleigh—Approximately four and a half million rationed shoes will be sold without stamps during a three week "odd lot" sale in July, OPA officials in Raleigh predicted today.

"The ration holiday," extending from July 1 to July 25, allows dealers to sell certain odds and ends and broken sizes, which accumulate after every selling season, without requiring ration stamps. Such odd-lot shoes must be sold at prices at least 25 per cent under the June 1, 1945, price, according to OPA.

"With our national supply of shoes in such a critical condition, we cannot afford to have wearable footwear gathering dust on dealers' shelves, Johnson explained. "This ration-free sale affords a chance to get these shoes where they're most needed—on the feet of Americans."

Choir rehearsal Tuesday evening at 8 p. m. at the church. "Shall we go back?" is the subject for Wednesday evening's service at 8:30 p. m.

BAPTIST

9:45 a. m. Sunday school. K. D. Worrell, supt. You are not only missed but you miss something worthwhile when you are out. 11 a. m. Morning worship. Sermon by pastor, Dr. Ira D. S. Knight. Topic: "The Glorious Gospel." 7:15 p. m. Training Union service at the Christian Church with Rev. John L. Goff bringing the message. Monday, 7:30 p. m. Royal Ambassadors meet at the church. Wednesday, 8:30 p. m., Prayer service. Bring someone with you.

LIBERATORS BLAST BALIKPAPAN OIL FIELDS

LIBERATORS OF THE 13th ARMY AIR FORCE fly high over Balikpapan, Borneo, as fliers watch their bombs set fire to the vital Jap-held oil fields below. The huge storage tank in the photo burned fiercely for two days following the 150-plane assault. Army Air Force photo. (International Soundphoto)

PARAMUSHIRA BASE BOMBED

WINGING DOWN from the Aleutians, U. S. Army bombers go to work in the Kaahiwabara army staging area on Paramushira Island in the northern Kuriles. Here a 2500-ton Jap cargo ship is burning in the bay while strafing goes on ashore. Air Force photo. (International Soundphoto)

Boy Scouts Report Their Activities

Well, here are some more ideas. The first two are by Eagle Scout Gilbert Woolard, of Troop 29, of this city. He says that if you want to chill a dessert or preserve meat or butter on a camping trip, just put them in a waterproof bucket, or container or some way so no water can reach them in a stream, creek, river or some body of running water. My suggestion is you don't have a watertight container, to put them in a jar or bucket and leave the top out of the water, providing it is in the shade. In using this method of chilling it is better to put the container in the shade anyway. The second is that if you want to sleep comfortably on the ground, dig a hole where your hips will be and fill it in with pine straw or leaves

and just roll out your bedding on top of it and sleep like a log. Here is one of my own: If you are ever caught in the woods without a frying pan you can improvise one easily by getting a forked green stick and weaving green sticks over the fork. It works very well for most meats but I wouldn't try an egg on it. For eggs and such you can heat a piece of flat tin or rock (preferably shale or slate) over an open fire. To heat water you can heat pebbles to a very hot degree of temperature and drop in the pot of water and heat one over the fire and as many others as you want with hot pebbles at one time.

The city librarian has a suggestion to make, namely: That all Merit Badge Pamphlets be returned when they are due. I'm very sorry to say some have been out over a year. Is that good Scouting? Send me your suggestion today.

Troop 29 held its meeting of last Wednesday night under the direction of Asst. Scoutmaster McKnight. At eight o'clock he and myself were the only ones present. About a half-hour after starting time (8:00) Guy Carrow, Billy Edwards, Bobby Clayton, Paul Peel and Jack Edwards, came in. There is no excuse for us not having as good meetings now as we had during the school months. Come to the next meeting and bring a buddy—Julian Mason, Scriber.

Mrs. J. Sam Getsinger returns tonight from a visit with relatives in Suffolk and Norfolk.

Get the Most Out of Your Tires

You can get thousands of more miles out of them with a recapping job done before the rubber's worn too thin. But run them down too far, and you're risking danger—and tire waste. Better roll around, and get a specialist's advice.

B. & W. Tire Rebuilders

Fill Out Application For Winter Fuel Oil

Raleigh—Users of fuel oil in Eastern North Carolina are urged to fill out applications for their winter supply now, District OPA Director Theodore S. Johnson, said today.

Johnson stressed the importance of ordering the first tank full of oil on the day coupons are received from the War Price and Rationing Board. "Your tank is part of America's storage," he pointed out. "With bulk storage filled to capacity with fighting gasoline, to delay your order now is to overburden transportation of his son, Jesse, who is very ill with typhoid fever. Dr. Saunders, who has recently located at Everetts, was in town Sunday, the guest of Dr. J. Peebles Proctor.

SUGAR SHORTAGE

The present sugar shortage is explained by a short Cuban crop, by already large allocations, and by an urgent need for sugar in the liberated countries of Europe.

Aching Tender Inflamed Feet

Get Amazing Fast Relief
Go to any good drugstore today and get an original bottle of Moore's Emerald Oil. The very first application will give you relief and a few short treatments will thoroughly convince you that by sticking faithfully to it for a short while longer, your foot troubles may soon disappear. One bottle we know will show you beyond all question that you have at last discovered the way to solid foot comfort. Moore's Emerald Oil is a clean, powerful, penetrating oil that does not stain or leave a greasy residue—it must give satisfaction or money cheerfully refunded.
