News Release

One of the first indications of the resumption to civilian production of household appliances was seen today when the WOOLARD FURNITURE COMPANY placed on display an actual demonstration, the new BENDIX Automatic Home Laundry.

Mr. G. G. Woolard, manager of WOOLARD FURNITURE COMPANY, said that the new BENDIX is the finest piece of home laundry equipment ever produced. The Bendix will provide work-free wash days for many Martin County housewives. Already a large number have taken advantage of the opportunity to register their orders at the Woolard Furniture Company for BENDIX "washers" as soon as production and deliveries will permit. Mr. Woolard stated that because of the increased manufacturing facilities of the Bendix Home Appliances, Inc., deliveries will be made soon in the Williamston area.

Demonstrations of actual washings are being made daily at the Woolard Furniture Company and arrangements have been made for the store to remain open Monday and Friday evenings for the next few weeks so that everyone may see the Bendix operate. Demonstrations will start at 8 p. m. Adv.

BELK-TYLER Co.

Sweet Girl Graduate?

No white organdy for this street corner co-ed... no mousseline de soie. Her diploma? Just her name on the record... Mary—Juvenile Delinquent.

SHE needs you to mother her... with dimes and dollars.

Oh, don't sit there in your easy chair and say, "She's not my daughter. Let her own parents take care of her!"

Listen, there are millions of Marys. Some closer to you than you think.

Some Marys have no parents. Which is why, ignorant and craving affection, they tear their young hearts out in fear and grief... as unwed mothers.

Some Marys land on the street when their parents break up. No money, no food, no home to go home to... so life starts for them with a capital L.

It ends with a capital H if the good people of the country don't give with their hearts. Your Community War Fund helps the Marys at home as well as the GI Joes abroad.

When you give your dollar... or your dozens of dollars... it's a gift that sees the world. Here at home, it pays the way for hospitals and welfare agencies, for supervised playgrounds for our "dead-end" kids, for foster homes for the homeless. Abroad — for the U.S.O., China Relief, War Prisoners' Aid—help for the helpless regardless of race, creed, or color.

Giving makes you feel good. When you're asked for a contribution to your Community War Fund, give with your head... then double it with your heart.

Give generously to

Your Community War Fund

Representing the National War Fund
