### Belk-Tyler Employees Hold Annual Banquet Wednesday

Employees of the local Belk-Tyler store held their annual banquet here Wednesday night in the Women's Club. The dinner, served by the women of the Macedonia Church, consisted of turkey and all the trimmings necessary to round out a delicious meal.

Speech making, at the suggestion of the employees, was eliminated but the manager, Mr. Ernest Mears, acted as master of ceremonies in conducting several contests that were interesting and amusing to the associates of the local store and guests.

At the expense of the manager and the store, the crowd played bingo for more than an hour with silver dollars going to the lucky individuals. Mrs. Sallie Halberstadt led a contest of contestants of winning three prizes. The evening of fun, Miss Sallie did a dance which was a cross between a rumba and a snake dance.

The clerks participated in several games but the high light of the evening was a hat making contest with Mrs. Mary Bonner Gurganus, Mrs. Dick Taylor and Mrs. Sallie Halberstadt participating. It took the women about three minutes to trim and decorate the hats but even at that, they didn't look so much different from those sold and displayed in the stores.

George Martin, engineer for station WRRF of Washington, was a guest of Mr. Mears.

## It's Big-It's Beautiful-It's BUICK

THIS, we reasoned, is no time to offer folks a car that stops with artful face-lifting.

It has been nearly four years since our last new Buick was built - it wouldn't be shooting square now to give you less than our honor-bright best.

So we overhauled our whole factory to advantage it with the latest in war-developed machines and processes.

We scoured the country for the stoutest metals anyone can buy today.

We set ourselves precisions

that in some cases exceed those of aircraft engine production.

And we eagle-eyed every one of this Buick's 12,000 parts to see if it could be bettered in any way, big or little.

The result is that through every stunning inch of this bright new honey runs solid, dependable Buick character, honest and uncompromised.

It's in swift clean lines. In seats that are three-persons wide. In stout, time-defying frames and underpinning. Above all - in the lift and life of a Fireball

straight-eight that's even livelier than in 1942.

The cars your Buick dealer will have are big. They're beautiful. They're Buicks.

In fact - the best Buicks yet!

When better automobiles are built

**BUICK**

will build them
