

### Kiwanians Will Play America Believed Over The Top Now

The local Kiwanis Club basketball team are all set to meet the challenge of the Lions Club in their annual basketball game of the season to be held at the high school gymnasium at 7:30 on Monday night.

The Kiwanians boast of a star-studded entry of: Sam "Stumpy" Bundy and Bill "Round-Boy" Glover at forwards; Paul "Stretch" Simpson at center; Bill "Dead-eye" Spivey and Sam "Streaky" Edwards at guards. The line-up will be re-enforced every two minutes with a parade of mighty K's including: Howard Cone, John H. Gurganus, Gene Kimbell, Bill Goff, Henry Griffin, Harcum Grimes, Pete Fowden, J. C. Manning, Russell Roebuck, Dan Sharpe, Reg Simpson, Sam Woolford, Herbert Whitley, Lawrence Lindsley, and John Hardy.

The starting line-up for the roaring Lions will be Clyde Manning, the county's outstanding player of 1925 at right forward, Irvin (hook shot) Margolis at left forward, Frank (flash) Weston at the center spot, John Henry (court wizard) Edwards, right guard, and Roy (lightning) Ward at standing guard. The bench warmers who are sure to see a lot of action will be Lions Ben Courtney, Ernest Mears, Fussell, Julian Harrell, Will Partin, Bill Howell, Jack Manning, Wheeler Manning, Exum Ward, Marion Cobb, Rupert Cowan, J. H. Ward, Eugene Rice, Homer Barnhill, and several others who have proven their ability as wizards

### America Believed Over The Top Now

While prices and shortages continue to rattle the economic surface, America had heard this week that reconversion is virtually an accomplished fact and that small production has already set a new record for peacetime.

This surprising analysis of the industrial situation came from experts of the Federal Reserve System, who had made public their findings in Washington.

Not only was American economy pictured as running along at top speed, but it was credited with having done "an astonishing job of reconversion," despite strikes and some of the restrictions imposed by continuation of wartime controls.

Refuting the gloomy predictions of several months ago and the uncertainty which has continued up until the present time, the March issue of the Federal Reserve Bulletin said:

"Production in the whole economy, including agriculture as well as non-agricultural types of activity, is now above the level of any previous peacetime period and substantially above the average for the years 1935 to 1939. Employment in all major lines of activity, except agriculture, mining and construction, is above the advanced 1941 level."

The report placing unemployment in February at around 2,700,000, as compared with an average of 5,000,000 in 1941 and 9,000,000 average in 1939. It indicated a peacetime salary and wage level approaching that of July, 1945, a peak war production month.

on the court. Proceeds of the game will go to the underprivileged children fund of the Kiwanis Club, and the Boy Scout Hut fund of the Lions Club.

## CHURCH NEWS

### Methodist

There will be no preaching services in the Roper charge on the fifth Sunday. Quarterly conference will be held on the second Sunday morning at 11 o'clock in the Jamesville Methodist Church, it was announced this week by the pastor, Rev. T. H. House.

### Reports Increasing Number Marriages

Washington.—Divorces are still on the increase in several states of the nation, but, according to figures of the Bureau of the Census, they have a long way to go to offset a recent boom in the matrimonial field.

During 1945, the Bureau said, 10.8 percent more marriage licenses were issued in cities of 100,000 inhabitants or more than during 1944. Over a seven-year period this figure was topped only once—in 1942, the peak year in marriages.

Although the 1945 total of 568,713 permits was 4.4 percent lower than that for 1942, when 594,908 permits were issued, it was 39.1 percent higher than the estimated total for 1939, with 408,989 permits. Changes in the nation ranged from an increase of 42 percent in Charlotte, N. C., to a decrease of 18.6 percent in Tampa, Fla. The number of permits is viewed only as an approximation of the number of marriages performed.

### DANGEROUS STEPPING

The following sign is posted by the roadside as you enter a small Western town: 4,076 People Died of Gas last Year. 29 Inhaled It. 47 Put a Match to It. 4,000 Stepped On It.—The Progressive Farmer.

The symptoms of cancer are varied. Any sore that does not heal within ten days, may be one of the danger signals. In such cases, consult a competent physician.

## SELF REGULATION

### Where It Operates

Self-Regulation is not confined to the cities and towns of North Carolina. It reaches into the highways and byways, demanding strict conformity with law and decency wherever beer is sold. Suggestions for above-board selling practices are usually followed to the letter where they are not, steps are taken to effect full compliance.

You help us when you withhold patronage from the few dealers who do not adhere to the high standards of the legalized brewing industry.
