For COUNTY COMMISSIONER

I hereby announce my candidacy for County Commissioner. I have been urged to run by many of my good friends in the County since Jamesville has not had a man on the board for four years and, the agreement has been for several years that the place on the board should rotate between Jamesville and Williams Townships. Therefore, I feel as many others have told me, that Jamesville should be represented. I will appreciate any support given me and, if elected, I will serve the people of my county to the best of my ability.
