

North Carolina hog growers have been asked for a 9 percent larger pig crop next spring. "Shy-breeding sows should be eliminated," says Dr. C. D. Grinnels, veterinarian of the Experiment Station.

In World War I there were 26 1-2 million horses and mules in the U. S. In 1940 there were 14 1-2 million as compared with 11 1-2 million today. This is the end result of high farm wages and high feed costs.
