RETONGA FINE IN HIS CASE, SAYS PROF. RILEY

Lived On Soft Diet For Months and Suffered Terrible Distress From Acid Indigestion, Declares Educator, Regains 12 Lbs. And Feels Fine Now.

PROF. A. W. RILEY

"Words are inadequate to express my appreciation of what Retonga has done for me," is the grateful statement of Prof. A. W. Riley, retired educator who now operates the Enside Poultry Farm at Boston, Ga. A native of Dale County, Alabama, he taught in Georgia for many years. Describing his happy experience with Retonga, Prof. Riley declared:

"I was a really miserable man for years. Acid indigestion compelled me to live on soft eggs and milk for months. Everything I ate seemed to sour almost instantly and cause terrible gas pressure in my stomach. I lost weight, felt high-strung and irritable, and was forced to take harsh laxatives almost daily. Refreshing sleep was almost impossible. I felt depressed and discouraged over failure to find adequate relief.

prompt relief, but I feel it has given me a new outlook and new hope. I sleep like a baby; eat anything, and have regained twelve pounds. I feel much stronger. All other distress also is happily relieved and it seems I am feeling better every day. I say this voluntarily in the earnest hope I may help others."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, Vitamin B-1 deficiency and constipation. Thousands praise it. Accept no substitute. Retonga may be obtained at Clark's Pharmacy, Inc.—Adv.
