ALL-YEAR AROUND

Stumped in seeking a gift solution for anybody in Martin County or anyone who has lived in the county? Here's a suggestion.

The Enterprise Publishing Company has been fortunate enough to increase its supply of newsprint to care fer just about one hundred new subscribers for 1948. The 100 new subscriptions are offered to the first applicants. Possibly a friend or relative in another county or state or one right here at home would enjoy a gift subscription, a gift lasting all-year around. No special price is offered by the publishers who are taking a beating in trying to hold subscription prices where they have been since before the war, and no guarantee can be made that all subscription applications can be handled.
