

These crumbling ruins of the ancient Temple of Jupiter at Baalbec in Syria, excite the wonder and command the admiration of modern architects and engineers.

With their primitive machines and methods, it must have required the labor of hundreds of thousands of men to mine these great stones, haul them from distant quarries, chisel them into beautiful designs and build them into this stately and imposing structure.

Religion has always inspired the best that was in man and called forth his noblest efforts—even when it was no more than blind faith in a pagan god.

In this modern and enlightened day, with our clearer understanding of the moral, ethical and spiritual character of God, religion is still the touchstone of human character, the inspiration of human action, and the force behind man's highest achievements.

Every church in the land is a shrine of God and every worshipper an heir to the eternal heritage of faith. Here the hopes and aspirations of mankind throughout the ages are brought to a rich fruition.

**THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
