Great Little Men

Roger Babson has a large number of acquaintances who may be accounted as big men, but there is none who can exceed in stature the little, deformed man who was one of the greatest geniuses of our time. Let us see what Mr. Babson says:

"Charles P. Steinmetz, who was unanimously recognized by the General Electric Company and other great similar organizations as the world's foremost electrical engineer, was once visiting my home.

"While talking over with him prospective future inventions in connection with radio, aeronautics, power transmission, etc., I asked him: 'What line of research will see the greatest development during the fifty years?' After careful thought he replied:

"Mr. Babson, I think the greatest discovery will be made along spiritual lines. Here is a force which history clearly teaches has been the greatest power in the development of men and history.

"Some day people will learn that material things do not bring happiness and are of little use in making men and women creative and powerful. Then the scientists of the world will turn their laboratories over to the study of God and prayer and the spiritual forces which as yet have hardly been guessed at. When that day comes the world will see more advancement in one generation than it has seen in the past four."—Adapted from Forbes Magazine in Sunshine Magazine.

Olympics Winner a Youth With Ideals

North Carolina Christian Advocate.
The youngest member of the United States Olympic team and winner of the gruelling ten-event decathlon at Wembley Stadium was 17-year-old Bob Mathias of Tulare, California. This remarkable young athlete is an active member of the First Methodist Church in his home town, and his pastor, Rev. M. Sweet, describes him as "modest and clean in every way and one who never smokes or drinks." Before leaving for London to represent his country in the Olympic games, he was glad to join his pastor in prayer that he would not only do his best in the games, but that he would also be a good witness for Jesus Christ.

This youth, whose Christian character and clean sportsmanship have helped to make him a truly great athlete, was said to be the best high school football player in California, and in basketball averaged scoring 20 points a game. Last year, according to Mr. Sweet, Bob's mother entertained each member of the football squad at dinner in their home in order to win their loyalty to high ideals, sportsmanship and clean living. Bob's father is a leading physician in the community.

It takes more than a good Christian home and the influence of the church and Sunday school to make a successful life, of course but these things help, even in athletic competition.

Gossip

I am more deadly than the screaming shell from a howitzer; I ruin without killing. I tear down homes; I break hearts and wreck lives. I have no respect for truth and justice, no mercy for the defenseless. You will find me in the pews of the pious and the haunts of the ungodly.

I am wily, cunning, malicious and I gather strength with age. I make my way with greed, mistrust and dishonesty are unknown. I feed on good and bad alike. My victims are as numerous as the sands of the sea and often as innocent. I never forgive and seldom forget. My name is Gossip.—The Presidio.

Coming To The Rescue

Although he has not been convicted, J. Parnell Thomas, the head of the Un-American Activities Committee and who stands indicted for padding his payroll, is attracting a defense by such men as Westbrook Pegler. The caustic critic would excuse Thomas of his accused sins because others have sinned.

One can understand how a man can defend the opposition when a principle is involved, but where alleged theft is concerned it is hard to believe that anyone would stand up for what's wrong and try to discuss it because others took advantage of their government after the same sneaky fashion.

Local Girl Scouts Holding Meetings

The Girl Scouts of Troop 4 held their meeting Monday afternoon at 4 o'clock in a room on the third floor of the City Hall. The meeting was called to order by the president, Martha D. Kimball, the secretary, Anne Crabb, and the treasurer, Betty Sue Clark. The minutes of the last meeting and Treasurer Betty Sue Clark collected the dues. We decided with the help of a few business organizations and some mothers, we have to equip a room in the City Hall. The things we need are chairs, and a table. We would appreciate any donations from anyone who would help. We elected Anne Peel's dog Lassie as our Mascot. We also drew names for Christmas presents. We will meet Saturday at 9:30 to begin our project. Please contact Martha D. Kimball or Mrs. M. M. Levin if you wish to donate anything. The meeting was then adjourned by the president.

PONTIAC

Above everything else.. a good car!

Pontiac has one manufacturing principle which takes precedence over all others: Pontiac must always be a good car!
There is no other motor car quality which people value so much as goodness. That's why Pontiac engineers and production specialists spend so much time and energy and money to insure Pontiac quality. Pontiac cars must last long—and they must last well—and they must function through the years with a minimum of upkeep cost.
Owners have been quick to appreciate this. Some of the testimonials they send to the factory, and to Pontiac dealers, tell of performance feats that seem almost impossible of attainment.
Pontiac has many other outstanding virtues, of course. It is a wonderful performer. It is delightfully comfortable and easy to handle. It is a great beauty, and unusually distinctive in appearance.
But its greatest virtue is goodness. This year, or any year, you just can't beat it for faithful performance.

General Motors Hydra-Matic Drive and White Sidewall Tires and Bumper Guards optional at additional cost.
