

### Jamesville Cage Schedule Listed

Although Coach Darwin McCafferty says he is still trying to find opponents for five open dates, the basketball schedule of Jamesville High School was announced last week-end as follows:

Dec. 9—Plymouth at home; Dec. 13—Plymouth there; Dec. 16—Bath at home; Dec. 20—Belhaven at home; Jan. 3—Oak City there; Jan. 10—Bear Grass at home; Jan. 13—Pantego there; Jan. 24—Beth-

el there; Jan. 27—Pantego at home; Jan. 31—Farm Life there; Feb. 3—Oak City at home; Feb. 7—Bear Grass there; Feb. 14—Williamston at Jamesville; Feb. 17—Williamston at Williamston; Feb. 21—Bath there; Feb. 24—Bethel at home; Feb. 28—Belhaven there.

Open dates which Coach McCafferty and his teams would like to fill are December 6 (tonight); January 6, 13, 20; and February 10.

With four of last year's starting five graduating last spring the Jamesville coach is having to

build his team around such promising substitutes as Buck Reason, Bobby Stevens and Beard. He does not, naturally, hope to have the top-ranking team which the Jamesville boys produced last season but it is expected that the team this season will give a good account of itself. Boys like Dorman Gaines and Billy Brewer do not come along every year and nobody knows that better than Coach McCafferty although he is in his first season as coach at the school.

On the girls' team there are perhaps more good players back than on the boys' but in this, too, McCafferty has his problems for at least two of his top performers will be out this year. Until a list of the candidates is available it will be hard to say where the old ones have dropped out and the new ones taken over.

Besides his coaching duties, McCafferty, who hails from Edwards, in Beaufort County, also teaches Math and History in the Jamesville school.

### "BROWN 'N SERVE" ROLLS MAKE LOCAL PREMIER

"Brown 'n Serve" rolls, golden crusted and piping hot, will pop from home ovens all over town this week with introduction of a revolutionary new "Brown 'n Serve" roll baking process.

The development promises more oven-fresh rolls for more families than ever before. But at the same time, according to Mr. Martin Moore of Martin's Bakery the new rolls will lighten the homemaker's mealtime tasks.

It's all because the new "Brown 'n Serve" rolls, as introduced here by Mr. Moore, are white but fully formed rolls all ready for browning. The housewife merely places them in her home oven for seven minutes. They emerge deliciously

### Famous Author Supports Unesco Program

As part of its world-wide educational activities the United Nations Educational, Scientific and Cultural Organization (Unesco) has joined hands with the Cooperative for American Remittances to Europe (CARE), in placing books in libraries where the largest number of people will be able to use them. Here, Dr. Thomas Mann, renowned author discusses plans for educational reconstruction with Edward J. Flynn, Director for CARE in the Western part of the U.S.A., and Unesco-Care liaison officer, Dr. Robert Stanforth.

crusted and ready for the table.

The rolls mean a new high standard of eating for local families. Packed in convenient packages, "Brown 'n Serve" rolls will keep ready for quick baking for several days on a pantry shelf, two weeks in a refrigerator, and for four months in a home freezer.

Mr. Moore described the rolls as one of the greatest contributions to better living ever made by the baking industry.

For years laboratories at flour mills, bakeries, and other allied industries have been searching for such products. The problem was to develop a baking method for bakers that produced rolls to the

point of full volume and rigidity without any semblance of crust color. Furthermore, the rolls had to have the same texture, flavor and aroma as rolls baked by other methods. Finally a method was discovered that met the necessary requirements and the rolls were named "Brown 'n Serve."

Mr. Moore reports that customers who have tried his "Brown

### Bear Grass Lists School Cage Tilts

With five games behind them, the schedule of games for the Bear Grass school teams the rest of the season was announced yesterday. An open date or two remains in the list but it is likely they will be filled by some county teams during the season.

Principal H. V. Parker, Jr., is coaching the girls' team while the boys' team is under the direction of Professor James W. Sawyer who also teaches commercial subjects and history in the school.

After playing at home tonight against Stokes High, the Bear Grass teams will travel to Bath next Tuesday night for a game with Bath High School's boys' and girls' teams. All double-headers, the games are scheduled to start at 7:30.

Oak City travels to Bear Grass on December 16 for the only other games scheduled before the holidays. Mars Hill plays at Bear Grass to open the new year's action on January 6. The rest of the schedule includes: Jan. 10: James-

"n Serve" rolls are highly enthusiastic about them. So much so that he plans to add a full line of "Brown 'n Serve" baked foods to the regular products of the Martin's Bakery as soon as processes for other food items are released.—Adv.
