Williamston MARTINS
Versus the
House Of DAVID

Wednesday Night, May 10th At 8:00 P. M.

At The

Williamston High School Ball Field

Williamston will be host to one of the most famous semi-pro ball-teams in the country Wednesday night when the famed and be-whiskered House of David team plays here at our local ball field. The team comes from the famous House of David religious cult and has been drawing immense crowds wherever it has appeared. From the shoulders up the House of David ball team members look like cave men we read about in history but while they are ancient and venerable in appearance their play is plenty fast and furious. It's a game you will not want to miss.

TIM HENVILLE—Husky catcher of the House of David Club is a veritable work horse behind the bat, catching every inning of all games played by the bearded team, including numerous double-headers and occasional triple-headers.

MIKE JANESKO, veteran pitcher of the House of David team, has been with the club since the 1928 season, with the exception of the war years, and is one of the oldest active players in the game. He is one of the principle performers in the comic skits staged by the bearded men.
