### "The Tattooed Stranger" Here

Against the backdrop of the world's greatest city, a pair of detectives hunt a lone killer among eight million people. RKO Pathe's "The Tattooed Stranger", appearing Saturday at the Vicar is the story of the exciting manhunt through New York to find the mysterious murderer.

An unknown girl is found dead in Central Park—it is murder! With fiendish cleverness her slayer has obliterated every trace that might reveal her identity. It is a completely baffling crime! The New York homicide squad, searching with all the science at the command of their experts and laboratory men, compound leads from the slenderest threads on which to base a theory—and the search is on!

Step by step we follow this dramatic search—done with the aid of a lovely scientist from a city museum—see clues prove false, dangers menace, murder follow murder, until the climax comes with a life-and-death battle, and the culmination of a romance. With only two clues to

The poppy industry is the backbone of our rehabilitation and child welfare programs and each year more and more veterans are turning to the American Legion Auxiliary for help and encouragement," Mrs. Ward continued. During the past year more than 700,000 children of veterans in the United States were aided by the American Legion Auxiliary.

### Exhibits A and B

A small retailer in a Chicago suburb had been trying for months to collect an overdue bill. But all his pleas and threats were completely disregarded. As a last resort, he sent a tear-jerking letter, accompanied by a snapshot of his little daughter. Under the picture he wrote: "The reason I must have my money."

A prompt reply enclosed a photograph of a voluptuous blonde in a bathing suit, labeled: "The reason I can't pay."

A man who won't lie to a woman has very little consideration for her feelings.

### TO THE VOTING PEOPLE OF MARTIN COUNTY

We take this privilege and pleasure of endorsing our friend and yours, Henry Johnson, as candidate for Sheriff of Martin County, who we know is fully qualified for the job and has had years of experience. We fully believe that he is the man that can perform his duties and still build friendship for himself and the county of Martin. In selecting a sheriff there are some very important thoughts that should be connected. First, is he qualified? Second, does he know how to approach the person in question. Third, is he familiar with all the people and parts of the county, that he is their friend. Fifth, has he always been a law-abiding citizen. Sixth, would he know how to handle authority. Seventh, would he respect the poor as the rich. Eight, would you feel that you were in the hands of friends while in his custody?

Neighbors and friends let's elect Henry Johnson, a man that you would be proud of not only for sheriff but to represent "We the People of Martin County" in any capacity.

### State Alumni To Meet On Tuesday

Coach Jim Gill of N. C. State College, will be the principal speaker at a meeting of State alumni to be held at the Slaughter House cafe on May 30 at 7:00 o'clock p. m.

Jesse Summer, president of the Martin County State College Club, announced today that several matters of importance will be discussed at the meeting.

The nation produced 16.1 million bales of cotton in 1949. Of this amount, more than six million bales, or 37.5 percent, was produced in Texas.

### NOTICE

I have sold my interest and good will in the Central Cafe, Williamston to Mr. Peter Christ-

pher. This is to advise the creditors of the Central Cafe, Williamston, that I will not longer be responsible for the obligations of said firm. This the 20th day of May, 1950. Philip Tonis, my 23 3t

work on, John Miles and Walter Kinsella, assisted by Patricia White, finally track down the killer.

Photographed entirely in and around New York, "The Tattooed Stranger" brings to the screen a story novel in its elements, zestful in background and suspenseful in its telling.

### That Holds Him

The guide was conducting a visitor round the Killarney district. The visitor had been smoking continually and making jokes at the expense of the guide.

The Irishman decided to get even, and remarked casually: "You are a heavy smoker, sir."

"Yes," replied the visitor, "I am so fond of smoking that I have made a very curious provision in my will."

"What is the provision?" asked the guide.

"The provision is that when I die a supply of cigarettes be left in my coffin."

"Well," retorted the guide, "you won't have far to go for a light."

The two most critical moments in a male's love life are when his voice changes and when his choice changes.

Answers Sam M. Campen's questions about candidacy:

1. Mr. Campen wants to know "Why should one think Hyde County wants O. L. Williams in the Senate in 1951?"

ANSWER: Because all the political and personal enemies O. L. Williams has in the Second Senatorial District tried to get a Hyde County man to run against him for the Senate this year and failed. Does this answer your question, Mr. Campen?

2. Mr. Campen wants to know "Why should one think Pamlico County does NOT want him to return to the Senate in 1951?"

ANSWER: Because Mr. Campen has opposition in his own county. If the good people of Pamlico County had been satisfied with Mr. Campen's negative and static legislative program, Mr. Mallison would not be opposing him now as he runs on a platform of CUSTOM which died in 1946. Does this answer your second question, Mr. Campen?

Your vote for O. L. Williams May 27th will be a vote for progress in this District and in the State.
