## RUPTURED

SEE THE DOBBS TRUSS

Bulbless — Beltless — Strapless

Ed. F. Hill

If you suffer with Hernia (Rupture) we invite you to a FREE DEMONSTRATION fitting of the DOBBS TRUSS by a Factory Representative at the George Reynolds Hotel in Williamston Wednesday afternoon, June 7th, 1 P. M. to 7 P. M. The Dobbs Truss is different from conventional type trusses. No Belts or Straps to bind and chafe. Lightweight, Sanitary, wear when bathing. Does not hinder circulation. It only presses the body in two places. If your rupture is larger this year than last, it may be due to your wearing the wrong truss, perhaps, one with a knob that fits into the opening and spreads the muscles apart. The DOBBS TRUSS has a CONCAVE PAD that fits over the rupture like the palm of your hand and supports the muscles in a more natural position. Holds with utmost security and comfort. These trusses will be demonstrated to you without obligation and you will not be urged to buy. For Men, Women and Children.

Factory Representative will be in Williamston at the George Reynolds Hotel for fittings and FREE DEMONSTRATION

Wednesday Afternoon, June 7, 1 P. M. to 7 P. M.
