

### Cold Facts About Loyalty Of Those On Public Payroll

(Continued from page one) steps should be taken to cancel or revoke their citizenship on grounds involving subversive activities.

"There are already 2,000 or more deportation orders to countries beyond the Iron Curtain. Eighty-eight were issued on grounds involving communism."

Attorney General McGrath also drove home the point that our traditional free way of life is our strongest defense against com-

munist in these words: "It is part from an idealistic or even from a religious outlook. As a matter of basic self-respect, most American have lived by the rule that calls upon each man to do unto another as he would have done unto him.

"Belief in this has given us more than the strength of force and it offers us more than the strength which scattered pin-pricks of disloyalty or espionage fifth columns of underground enemies can ever muster against a free and prosperous nation, where every man lives secure in the knowledge that he is free to believe and worship and talk as he pleases.

"If we ever abandon those beliefs and substitute for them the belief that the state is more important than the citizen, that the rights of the individual do not matter if the state feels that it must take away those rights for its own security, then we shall have surrendered to totalitarianism without a gunshot.

The happy faces of Sally Forrest and Keefe Brasselle give little indication of the troubles soon to befall them in an Eagle Lion Films release which opens Tuesday at the Marco Theatre. The Filmmakers' production, also co-starring Hugh O'Brian was directed by screen star Ida Lupino and produced by Collier Young.

We shall have done to ourselves what no totalitarian army could impose upon us by force . . .

The Attorney General suggested an alternative to adopting totalitarianism, an alternative that we should all give careful thought to in days when some, either because of confusion or desire to achieve partisan political gain, are seeking to create an atmosphere of hysteria and fear in which our traditional liberties will perish. He said:

"We need to be calm. We need to anchor ourselves to our traditions of law and justice and fair play.

"We need to have not only a faith in our God but also a faith in our fellow men and in our public servants and a confidence that the spirit of fair play that has guided every step of our national life must not be abandoned now.

"In the last few months I have traveled the length and breadth of this vast continent of ours. I have seen Americans of all races and creeds and colors in all sections working at their jobs, worshipping at the churches of their choice, speaking their minds without fear or terror, cherishing their loved ones in a nation where the

### WILLIAMSTON 7 BEAR GRASS 2

The Williamston Martins took over the No. 6 position in the Martin County League standings last Wednesday night when they took advantage of loose Bear Grass fielding and timely Martin hitting to defeat the Bears 7 to 2.

While the Martins played errorless ball, the Bears committed four miscues, two of them in the very first inning when they resulted in two runs for the winners. Perry drove the two runs in with a double. Morris Stalls was the heavy hitter of the night with a triple and double in four times up and scored two runs. A line drive by Bobby Rogers hit the side of the gymnasium for a double. It likely would have been a home run anywhere else around the field. Virgil Wobbleton slammed out a double for Bear Grass while Hodges joined Stalls as the only hitters to get more than one home is most important, and the government remains the servant of the people.

"After what I have seen and heard, communism does not frighten me and it should not frighten you . . ."

### FARM LIFE 4 ROBERSONVILLE 0

Farm Life won a shutout victory over Robersonville last Wednesday afternoon and with the win the Farm Life boys moved to the top of the deck on a percentage basis.

Farm Life didn't get but three hits but they made four runs off them while the Rams could not squeeze a run out of the eight safeties they got off Stancel Hardison of Farm Life.

Rightfielder Fleming of the Robersonville team was the only batter to get better than one hit. He had two for four times up.

### Make New Type Airplane Camera

A new airplane camera which is able to photograph a strip of earth twenty-six miles long in a space of two seconds while the plane is flying at a height of 10,000 feet has been developed, it was announced by the Air Force recently. As a sample, a picture was taken in Washington, D. C., and it showed Mount Vernon in the distance at one end, and Colesville, Md., could be faintly seen at the other edge. It has not been disclosed whether this camera is intended for the recently developed long-range reconnaissance plane (B-36) or for the more speedy jet reconnaissance planes which have a shorter range. The distance the camera can take in horizontally "can be increased by a corresponding elevation of the aircraft" said the Air Force. An-

other feature of the camera is that it saves time and material for finishing up two extra rolls of film required by other cameras which take pictures from horizon to horizon by making three different pictures—one right below the plane, and the others in front and behind the plane. The twenty-six mile strip is about three miles wide at a height of 10,000 feet.

At a tea the theory of prenatal influence was being discussed when a newcomer to the neighborhood arrived and was introduced. For several minutes she listened intently and then spoke up.

"I find myself in disagreement," she said, "for I am quite sure there is no such thing as prenatal

influence. Take my case as an example. Shortly before I was born my mother tripped over some phonograph records and cracked every one. But it didn't affect me affect me affect me affect me."
