You would not think of putting children like these in an open boat, without rudder or oars, and letting them drift wherever wind and wave chose to carry them.

No, you're not that kind of a parent!

But let's look at life as your children will face it. Life is an open sea upon which today's young people must embark. The winds often will be strong and the waves will be high. Their voyage will be far safer if the rudder and oars of proper spiritual training have been given them.

Fifteen million boys and girls are growing up in homes that pay no attention to and have no part in the Church or in religious education. These children are drifting!

The Church makes life safer for young and old alike. It provides a program designed to serve humanity in countless ways. The truths it teaches are basic and everlasting. Can you afford not to be a part of it?

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
