

Need Librarian In Federal Service

A Civil Service examination for the position of Librarian GS-5 in the Federal Government is now open, it was stated today by J. Julian Jackson Secretary of the Board of U. S. Civil Service Examiners at the local Post Office. The basic entrance salary is \$3100 per year. This examination requires a written test. Applicants may qual-

Defense Department Has Many Phone Calls Daily

The telephone exchange in the United States Defense Department in Washington handles as many as 225,000 inside and 90,000 outside calls in one day. Complete information and application blanks may be obtained from J. Julian Jackson at the local Post Office.

Few Openings In Highway Patrol

Raleigh, N. C.—Col. James R. Smith, commanding officer of the North Carolina State Highway Patrol, today announced that a training school for Highway Patrol recruits will be held October 30 through December 6 to fill approximately 25 vacancies in the Patrol. The Patrol vacancies resulted recently when several patrolmen

Raise Money For Moss Fellowship

The North Carolina State Grange has received contributions totaling more than \$11,000 for the purpose of establishing the E. G. Moss Fellowship in tobacco research at N. C. State College, it was announced in Raleigh this week. At the same time, Grange officials announced that plans have been made for an intensified drive to raise the additional funds needed from interested farm families. Harry B. Caldwell, State Grange master, said the fellowship will serve as an incentive for the training of young scientists in the field of tobacco research. This, he added, will spur the development of North Carolina's biggest cash crop. The fellowship is to be named in honor of the late E. G. Moss, who served as director of the Tobacco Branch of the Agricultural Experiment Station at Oxford from 1910 until his retirement in 1947. Moss, who died last year, was considered one of the nation's pioneer workers in tobacco research. North Carolina banks and other business establishments will receive contributions from farmers and from businessmen and others who wish to make donations. The Grange will request a contribution from every farm family. Banks and other establishments making collections will send the funds to T. W. Allen of Creedmoor, who is chairman of the Grange's fund-raising committee, or to Grange Master Caldwell at Greensboro. E. Y. Floyd of Raleigh, director of the Plant Food Institute of North Carolina and Virginia, is vice-chairman of the committee. were called into military service and a few resigned to enter private employment. The school will be conducted by the Institute of Government, Chapel Hill. Starting salary for trainees accepted for the Patrol will be \$2,508 a year. Col. Smith stated that candidates must (1) be citizens of the United States; (2) have passed their 26th birthdays and not reached their 31st birthdays; (3) weigh at least 160 pounds; (4) have completed a high school education or the equivalent; (5) be of good moral character and have no criminal record; and (6) have no relative now employed by the Highway Patrol.

October Time To Seed Fall Oats

Tests conducted by the North Carolina Experiment Station show that oats seeded in early October produce yields twice as high as those seeded in mid-November, according to W. H. Rankin and G. K. Middleton, agronomists for the station. In the tests, seedings made between October 1-15 produced 59 bushels per acre, while seedings made on November 15 produced 30 bushels. The agronomists point out that the number of days favorable to soil preparation is quite limited after November 1. Rain and wet soil, both typical of this period, make late seedings almost impossible. Late seedings also are more vulnerable to early freezes. Variety as well as seeding date. The fellowship is designed to help overcome one of the biggest problems which Moss faced in his work—that of a shortage of trained tobacco scientists. This shortage has become especially acute with the greatly expanded tobacco research program in the State. The fellowship will be administered through the Agricultural Foundation of State College.

is important in producing good small grain yields, say Rankin and Middleton. Atlas 50 and 66 wheat are recommended in Coastal Plain and Piedmont areas and Thorne wheat is recommended in the mountains. Arlington oats are recommended throughout the State for fall seedings. Victor-grain and Fulgrain are good early varieties for Piedmont and Coastal areas. As for barley, Colonial and Calhoun are suggested. Nitrogen should be applied to small grain between February 15 and March 15 for maximum results. The suggested rate is 30 pounds per acre, which can be obtained from 188 pounds of nitrate of soda, 150 pounds of Calcium Nitro of ANL, or 94 pounds of ammonium nitrate. Top-dressing after March 15 is too late to get maximum number and size of seed heads. New varieties of strawberries are being tested in 10 demonstrations on farms in Duplin, Pender, and Columbus counties. As early as 300 B. C. India had a law providing a fine for adulteration of food.

Peanuts and Tobacco Don't Sleep Either

"Put yourself in my spot..."

Tom went slam hanging out of the house muttering something about sleep. I was on the spot, so my first move was to call in the "voice of experience"—Mother.

2 "Don't worry," said Mother, "all your man needs is a comfortable mattress and a good night's sleep. I bought your father a KINGSDOWN years ago.

3 Well, mother certainly knows quality, and mattress construction. KINGSDOWN had some lovely colors and several attractive stripes, my selection was an Old Blue.

4 When Tom spotted it, he had plenty to say about solid sleep. "Now we've got comfort and quality for the rest of our life," said my hero.

"Ask the salesman to show you all four KINGS-DOWN colors . . . Warm Gray, Wood Rose, Old Blue and smart stripes in Tan, Brown and Rose. Matching box springs, of course."

B U T

For a very small amount of tobacco or peanuts invested in bedding we can outfit your bed with your choice of the items from our stock of the famous Kingsdown line listed below.

1. Kingsdown Innerspring Mattress and Box Spring—"Just firm enough to please the average sleeper."
2. Kingsdown Orthopedic Innerspring Mattress and Box Spring—"For those who wake up with a stiff or aching back."
3. High Boy Innerspring Mattress and Box Spring—"Perfect comfort for those over 6 feet tall at no extra cost."
