

Tickets On Sale For Community Concert Series

(Continued from page one) may attend concerts elsewhere without extra charge, provided there isn't a sell-out in other areas. Similar concerts are being held in thirty-four towns and cities in North Carolina this year, and local members may attend concerts in every one of them for the single membership fee, \$6 for adults and \$3 for children, the prices including federal tax.

Representatives of all the various organizations in this section, including leaders from Oak City, Hamilton, Robersonville, Everetts, Bear Grass, Farm Life, Jamesville in this county and also in Windsor and Plymouth, recognize the value of the concert series and have pledged to assist in the membership drive.

Headquarters are being maintained in the lobby of the Virginia Electric and Power Company and reports will be received there each day through Saturday of this week.

Tobacco Market Holds Its Final Sale Of Season

(Continued from page one) for an average of \$55.23. Last year the markets in that belt sold 282,813,797 pounds for an average of \$48.67.

Large Crowds At Church Meetings In County Sunday

(Continued from page one) was called to his home in Kimball, Va., to conduct a funeral service. Elders C. W. Miller of Arlington, Va., J. B. Lige of Four Oaks and S. B. Denny of Wilson participated in the Sunday program. Elder P. E. Getsinger, pastor explained that Elders J. A. Monsees and Roy Mitchell, both of Atlanta, had been in an automobile accident the week before and were unable to attend. But the meeting was very successful and the hundreds of visitors enjoyed the hospitality, the services and the fine fellowship and picnic dinner Sunday. The next union will be held in late December with Juniper Church, it was announced.

To Start Work On Bear Grass Swamp Project Shortly

(Continued from page one) fairly certain that the cost will not exceed 16 or 18 cents per cubic yard. The soil conservation program, in some counties, has allowed 10 cents a yard up to the amount of the allotment for the individual farm. The allowance has ranged from \$2 to \$4 per crop acre.

Making a study of conditions existing this past crop season, engineers are of the opinion that proper drainage as proposed in

the No. 1 project would have materially offset the crop losses and gone a long way in meeting the total cost of the project. Farmers in other parts of the county where drainage work has been advanced on a small scale, declare that they are making enough on their drained acreage, and not more than six or seven on those acres that had not been drained.

The opposition to the No. 1 project are expected to go into court at the December term when they will let a jury decide if the promised benefits will offset the costs. However, a majority of the landowners, numbering approximately 100 in the district, favor the project and, as far as it can be learned, there's nothing to further delay it.

Propose Changes In Constitution At Next Election

(Continued from Page One) would submit to popular vote next November a proposal to add to Article II the following:

"Sec. 31. The General Assembly shall not use, or authorize to be used, nor shall any agency of the State, public officer or public employee use or authorize to be used the funds, or any part of the funds, of the Teachers' and State Employees' Retirement System except for retirement system purposes. The funds of the Teachers' and State Employees' Retirement System shall not be applied, diverted, loaned to or used by the State, any State agency, State officer, public officer or employee except for purposes of the Retirement System: Provided, that nothing in this Section shall prohibit the use of said funds for the payment of benefits, administrative expenses and refunds as authorized by the Teachers' and State Employees' Retirement Law, nor shall anything in this provision prohibit the proper investment of said funds as may be authorized by law."

The proposed amendment relative to safeguarding the funds of the Teachers' and State Employees' Retirement System will be submitted in the following form:

() For amendment securing and safeguarding the funds of the Teachers' and State Employees' Retirement System.

() Against amendment securing and safeguarding the funds of the Teachers' and State Employees' Retirement System."

Patients In The Martin General

The following patients were listed in the Martin General Hospital this morning:

Injured In Fall Sunday Afternoon

LeRoy Peel, local young man who suffered a broken leg in the Washington-Williamston football game a few weeks ago, fell in a local theatre Sunday afternoon and injured the damaged limb. He was returned to Martin General Hospital for treatment, the young man stating yesterday that while the limb was hurting him a bit, he was able to have company.

The limb apparently was not damaged too badly in the Sunday fall.

A man is just as big as the thing that makes him angry.

ANNOUNCEMENT

It is with pleasure that we announce the appointment of Mr. Ernest L. Carraway as manager of our Williamston store, to succeed Mr. William S. McConchs.

Having spent many years as a member of the sales staff of one of our leading stores and from that to the position of manager, Mr. Carraway is well qualified to assume his duties and render an excellent service to our patrons and friends of this area.
